1. PROBLEM STATEMENT

In the City of Garden Grove, we have had 37 fatal traffic collisions since the beginning of 2014. Of those fatalities 13 of them have involved impaired drivers, as well as over 300 other injury collisions involving impaired drivers. The negative effects of drinking and driving have struck our community on several occasions and the Garden Grove Police Department is committed to using all resources available to combat the problem. The City of Garden Grove has taken a zero tolerance approach towards drunk/impaired driving over the four year period of time and has made over 1,850 arrests and initiated several thousand citizen contacts related to DUI investigations. The City of Garden Grove is committed to the safety of our citizens and has utilized DUI Checkpoints and DUI Saturation patrols as a means to deter, locate, and arrest drunk/impaired drivers, as well as a means to deter provide educational opportunities to the members of the community. Through the opportunities granted to our department through the awarding of the OTS Step Grant, we intend to continue our zero tolerance efforts towards the eliminating of drunk/impaired driving. The efforts will focus on all motorists and citizens in the community. Through the use of press releases and social media, an effort will be made to educate the community on the dangers of drunk/impaired driving, the costs of being prosecuted for a DUI, and alternative methods of transportation available to those that may consider driving while impaired.

The City of Garden Grove has seen a marked increase in the number of fatalities and injury collisions involving pedestrians and bicyclists. From 2014 through 2017 there were over 400 injury traffic collisions involving bicyclist and pedestrians with 16 of them being fatalities. The number of fatalities in Garden Grove involving bicyclists and pedestrians is more than all other fatalities combined including those involving impaired driving. The increase has been alarming to the community and in response a city wide campaign was launched in September of 2016 to address the problem. The Garden Grove PD Neighborhood Traffic Unit formed what is known as the Accident Reduction Team or ART Team with personnel from our city's public works, traffic engineering, and community relations departments. Through a collaborative effort between all members of the ART Team, we have identified and addressed traffic engineering issues that could lead to a decrease in these types of accidents, used public works to assist with the use of adequate traffic control measures in areas lacking the proper measures for safe bicycling and walking, and used our community relations department to get the message out through the use of city billboards, social media, press releases, city mailers, and a public service announcement that was filmed and used as an educational tool. As an enforcement and educational tool, the traffic unit has utilized grant funds to conduct heavily publicized bicyclist/pedestrian enforcement operations in areas targeted for high volumes of collisions and violations. These events are publicized using press release and social media. The events have been live streamed on Face Book and typically all of the comments from those following are very supportive and positive towards the operations. During each of the events that have been conducted since the inception of the ART Team there has been an average of 100 citations issued for various violations related to bicycle/pedestrian safety, including issuing motorist's citations for failing to yield to bicyclists and pedestrians. In conjunction with the issuing of citations the strong police presence is a reminder of the possibility of being issued a citation and an opportunity to have educational contacts with members of the community.

The Garden Grove PD traffic unit has participated in events such as the National Walk Your Child to School Day and Bicycle Safety Month. Various safety presentations have been provided to senior citizens, school children, and to transients during our departments homeless outreach programs. Flyers with safety messages related to pedestrian and bicycle safety have been developed and handed out at various community events and over 1,000 reflective safety devices were given to children during the month of December.

Statewide, motorcycle fatalities increased 4.6 percent from 415 in 2011 to 435 in 2012. Motorcycle fatalities per 100,000 motorcycle registrations fell from 49 in 2009 to 44 in 2010. This rate had been relatively steady, averaging 68 from 2005 through 2008. Motorcycle safety has become an issue recently in the City of Garden Grove. Aside from numerous injury collisions and 1 fatal motorcycle in 2013. These injuries to officers resulted in hundreds of man-hours of traffic enforcement, putting the citizens of Garden Grove at even greater risk.

Over the years, approximately 60-75 percent of fatal and injury-combined collisions involved various Primary Collision Factors (PCF) such as DUI, unsafe speed, right-of-way, traffic signals and signs, pedestrian violations and improper turning.

The Garden Grove Police Department has noticed several arrestees are not showing up for their court dates and are subsequently issued warrants for not appearing. This enables "repeat offending" and allows the public to once again be put at risk by conscious negligence of an impaired driver. The same issues arise with the driver's whom have had their driver's license recently suspended. Several traffic violators are stopped daily and are found to have suspended driving privileges. This happens as close as the courtroom parking lot, where the violators drive away directly after having their driver's license suspended.

3. METHOD OF PROCEDURE

A. Phase 1 – Program Preparation (1st Quarter of Grant Year)

- The department will develop operational plans to implement the “best practice” strategies outlined in the objectives section.
- All training needed to implement the program should be conducted this quarter.
- All grant related purchases needed to implement the program should be made this quarter.
- In order to develop/maintain the “Hot Sheets,” research will be conducted to identify the “worst of the worst” repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. The Hot Sheets may include the driver’s name, last known address, DOB, description, current license status, and the number of times suspended or revoked for DUI. Hot Sheets should be updated and distributed to traffic and patrol officers at least monthly.
- Implementation of the STEP grant activities will be accomplished by deploying personnel at high collision locations.

Media Requirements

- Issue a press release announcing the kick-off of the grant by November 15, but no earlier than October 1. If unable to meet the November 15 date, communicate reasons to your OTS Coordinator. The kick-off press releases and any related media advisories, alerts, and materials must be emailed for approval to the OTS Public Information Officer at pio@ots.ca.gov, and copied to your OTS Coordinator, 14 days prior to the issuance date of the release.

B. Phase 2 – Program Operations (Throughout Grant Year)

- The department will work to create media opportunities throughout the grant period to call attention to the innovative program strategies and outcomes.

Media Requirements

- Send all grant-related activity press releases, media advisories, alerts and general public materials to the OTS Public Information Officer (PIO) at pio@ots.ca.gov, with a copy to your OTS Coordinator. The following requirements are for grant-related activities and are different from those regarding any grant kick-off release or announcement.
 - If an OTS-supplied, template-based press release is used, there is no need for pre-approval, however, the OTS PIO and Coordinator should be copied when at the same time as the release is distributed to the press.
 - If an OTS-supplied template is not used, or is substantially changed, a draft press release shall be sent to the OTS PIO for approval. Optimum lead-time would be 10 days prior to the release distribution date, but should be no less than 5 working days prior to the release distribution date.

- Press releases reporting the immediate and time-valued results of grant activities such as enforcement operations are exempt from the recommended advance approval process, but still should be copied to the OTS PIO and Coordinator when the release is distributed to the press.
- Activities such as warrant or probation sweeps and court stings that could be compromised by advanced publicity are exempt from pre-publicity, but are encouraged to offer embargoed media coverage and to report the results.
- Use the following standard language in all press, media, and printed materials: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 30 days in advance, a short description of any significant grant-related traffic safety event or program so OTS has sufficient notice to arrange for attendance and/or participation in the event.
- Submit a draft or rough-cut of all printed or recorded material (brochures, posters, scripts, artwork, trailer graphics, etc.) to the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator for approval 14 days prior to the production or duplication.
- Space permitting, include the OTS logo, on grant-funded print materials; consult your OTS Coordinator for specifics and format-appropriate logos.
- Contact the OTS PIO or your OTS Coordinator, sufficiently far enough in advance of need, for consultation when deviation from any of the above requirements might be contemplated

C. Phase 3 – Data Collection & Reporting (Throughout Grant Year)

- Invoice Claims (due January 30, April 30, July 30, and October 30)
- Quarterly Performance Reports (due January 30, April 30, July 30, and October 30)
 - Collect and report quarterly, appropriate data that supports the progress of goals and objectives.
 - Provide a brief list of activity conducted, procurement of grant-funded items, and significant media activities. Include status of grant-funded personnel, status of contracts, challenges, or special accomplishments.
 - Provide a brief summary of quarterly accomplishments and explanations for objectives not completed or plans for upcoming activities.
 - Collect, analyze and report statistical data relating to the grant goals and objectives.

4. METHOD OF EVALUATION

Using the data compiled during the grant, the Grant Director will complete the “Final Evaluation” section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant’s accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.

5. ADMINISTRATIVE SUPPORT

This program has full administrative support, and every effort will be made to continue the grant activities after grant conclusion.

Instructions for Primary Tier Participant Certification (States)

1. By signing and submitting this proposal, the prospective primary tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.

4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms covered transaction, civil judgment, debarment, suspension, ineligible, participant, person, principal, and voluntarily excluded, as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency may terminate the transaction for cause or default.

BUY AMERICA ACT

(applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

(applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

LAW ENFORCEMENT AGENCIES

All subrecipient law enforcement agencies shall comply with California law regarding profiling. Penal Code section 13519.4, subdivision (e), defines “racial profiling” as the “practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped.” Then, subdivision (f) of that section goes on to provide, “A law enforcement officer shall not engage in racial profiling.”
