 - (i) As used in this Agreement, "homeless" is defined at 24 CFR 576.2 as defined by HUD.
 - (ii) For purposes of determining eligibility for the HEART Program, a prospective Eligible Household's (or for continuing compliance, a participating Eligible Household's) gross annual income shall be determined in accordance with 24 CFR 5.609, with the allowable exclusions from income established at 24 CFR 5.611. For purposes of this Agreement, annual income means the gross amount of income from all sources, including assets, for all adult household members that is anticipated to be received prospectively during the 12-month period following the date of application and before any deductions are taken (and for a participating household, income anticipated for the 12 months following verification described in §1.3(b)(ii) below.) When collecting income verification documentation, Subrecipient may also consider any likely changes in income.
 - (iii) For purposes of this Agreement and the HEART Program, income limits for very-low income households are established annually by HUD for the Orange County income limit area.

- (b) **Income Verification.**
- (i) **Initial Verification.** To determine if Program applicants (collectively, "Applicants") are income-eligible, Subrecipient must verify each Applicant's household income using source documentation such as wage statements, interest statements, unemployment compensation statements, bank account statements, and other documentation types approved by HUD. Once an initial income verification is completed, the Subrecipient is not required to re-examine the Eligible Household's income unless six months has elapsed before assistance is provided.
- (ii) **Six Month Eligibility Verification.** Subrecipient shall re-certify income and re-qualify each Eligible Household, including examination of source documentation as described above, every six months during the term of such Eligible Household's participation in the HEART Program. If the total household income is above 80% AMI, rental assistance must be terminated following a 30-day notification period. For households between 60% and 80% AMI the Subrecipient must obtain approval from the City before rental assistance is continued.
- (c) **Connection to Garden Grove.** Eligible Households assisted under the HEART Program must satisfy at least one of the following criteria, as identified in **Appendix D** of the HEART Program Operating Guidelines:

 - Children attending school located in Garden Grove;
 - Living in a shelter outside Garden Grove, but there is evidence of homelessness in Garden Grove before intake at the shelter through HMIS database, outreach team contact, etc.
- (d) **Verification of Eligibility.** Subrecipient shall collect and examine source documentation submitted by the applicant to verify the identity of the members of the Eligible Household and that the Eligible Household has significant ties to the City of Garden Grove as described in Section 1.3(c). Subrecipient shall make a determination that the Eligible Household is currently experiencing homelessness, as defined 24 CFR 91, 582 and 583, based on caseworker observations and certification and Applicant certification.

- (e) **Notice of Eligibility Determinations.** Subrecipient shall provide written notice to each Applicant stating whether such Applicant was determined to be eligible for assistance under the HEART Program. Applicants determined to be ineligible for Program assistance shall have an opportunity to appeal the determination to the Director.

1.4 Selection of Housing Units.

- (a) **Housing Unit Selection.** Subrecipient shall assist Eligible Households with finding and selecting an appropriate housing unit (each a "Housing Unit") that meets federal housing quality standards ("HQS") or such other standards as may be made applicable to the HEART Program by HOME Program statutes and/or regulations, specifically including Uniform Physical Condition Standards (UPCS), and that satisfies the requirements of the HEART Program, HOME Program and this Agreement. Eligible Households shall also be entitled to find a Housing Unit for themselves, subject to compliance with the requirements of the HEART Program, HOME Program and this Agreement; however, the parties anticipate that in most cases, Subrecipient shall be responsible for locating and qualifying an appropriate Housing Unit for occupancy by each Eligible Household. Subrecipient may refer Eligible Households to appropriate Housing Units but may not require an Eligible Household to select a particular Housing Unit. Subsidy Payments shall only be provided in connection with the rental of a qualified Housing Unit located in the City. Subsidy Payments under this Agreement are portable within the City. Subrecipient's obligations under this Section 1.4 apply to each Housing Unit to be occupied by an Eligible Household receiving Subsidy Payments hereunder.
- (b) **Housing Unit Size; Occupancy Standards.** Housing Unit selection shall comply with the following "Occupancy Standards" for the applicable Eligible Household: No more than two persons per bedroom plus one may occupy the Housing Unit. Thus, no more than three persons may occupy a one bedroom Housing Unit; no more than five persons may occupy a two-bedroom Housing Unit; no more than seven persons may occupy a three-bedroom Housing Unit; no more than nine persons may occupy a four-bedroom Housing Unit. - (c) **Property Inspection.** Prior to occupancy of any Housing Unit by an Eligible Household, and again during the annual (or more often) verification process, Subrecipient shall cause a certified HQS inspector to inspect each Housing Unit occupied or to be occupied by an Eligible Household to ensure the Housing Unit complies with HQS as set forth in the HOME Program, including without limitation 24 CFR 92.251, as well as all applicable state and local codes

and ordinances, including zoning ordinances. Subrecipient shall provide the City with documentation of each HQS inspector's certification. Each HQS inspection shall include all of the following:

- (i) Verification of property ownership;
- (ii) Verification of the age of the Housing Unit;
- (iii) Complete HQS Inspection Checklist in the form attached as **Exhibit G**, including a rating for the Housing Unit of Pass, Pass with Comment, or Fail;

- (vi) Verification that occupancy by the Eligible Household will comply with the Occupancy Standards set forth in Section 1.4(b); and
- (vii) Certification of rent reasonableness regarding the rent being charged for the Housing Unit based on comparable non-assisted Housing Units in the same area. Subrecipient shall perform the rent reasonableness review subject in each instance to review and approval by the City. City may elect to perform the rent reasonableness reviews on behalf of Subrecipient by providing written notice to Subrecipient. The rent charged under the written lease agreement for the Housing Unit shall conform to the City's adopted rent standard pursuant to 24 CFR 92.209(h)(3)(ii), which is based on local market conditions. The contract rent for Housing Units that are restricted to an affordable rent by agreement with the City or the Garden Grove Housing Authority or by regulation or ordinance, or otherwise, shall be likewise restricted to such affordable rent in accordance with the contractual, statutory or regulatory restrictions governing the permitted rents for such Housing Units and the Rental Assistance Subsidy Payment shall be limited and calculated accordingly, as described in Section 1.5(a), below.

(d) **Coordination with Landlords.**

- (i) **Landlord Guidance.** Subrecipient shall meet with and provide guidance to the property owners, property owners' representatives, or property management companies hired by property owners (each a "Landlord" and

collectively referred to as "Landlords") participating in the HEART Program regarding the HEART Program requirements and procedures that impact Landlords.

- (ii) **Rental Assistance Contract.** Subrecipient shall enter into a Rental Assistance Contract with each participating property owner/Landlord in substantially the form attached to the HEART Program Operating Guidelines as Appendix E. The Rental Assistance Contract will establish the Subsidy Payments to be made by Subrecipient on behalf of the Eligible Household as well as the Eligible Household's initial share of the contract rent. The Rental Assistance Contract shall further establish the terms and conditions under which the Subsidy Payments shall be paid to the Landlord for the applicable Housing Unit, including applicable HOME Program requirements. The Rental Assistance Contract shall have an initial term of 6 months, subject to extensions approved by Subrecipient and City (as applicable) pursuant to the HEART Program Operating Guidelines.

- (iii) **Lease Addendum.** Subrecipient shall require each Landlord to enter into a lease agreement with a term of 6 months with any Eligible Household occupying a Housing Unit owned and/or managed by such Landlord, which lease agreement shall include a Lease Addendum in substantially the form attached to the HEART Program Operating Guidelines as Appendix F, or an updated form of Lease Addendum as may be prepared and provided by the City to the Subrecipient, and then by Subrecipient to Landlord. The Lease Addendum shall be executed in connection with the lease agreement between the Landlord and Eligible Household and shall set forth the terms of the Subsidy Payments to be paid by Subrecipient to the property owner/Landlord on behalf of the Eligible Household, shall confirm the obligations of the Eligible Household regarding payment of rent, utilities and appliances, rules and regulations of tenancy and shall confirm the Landlord's obligation to maintain the Housing Unit in accordance with HQS and in compliance with this Agreement, shall require Landlord to provide Subrecipient with notice of a lease termination, shall prohibit discrimination by the Landlord against the Eligible Household, and shall set forth the lease provisions prohibited by the HOME Program. Subrecipient shall review the rental agreement to confirm its compliance with state law and all HOME Program requirements; if the Landlord's form of rental agreement is not acceptable (and any deficiencies are not remedied by the Lease Addendum), Subrecipient shall require the Landlord and Eligible Household to enter into a lease agreement that complies with state law and the HOME requirements, as approved by the City's Director.

- (iv) **IRS Form W-9.** Subrecipient shall require each Landlord to submit a completed IRS Form W-9 Request for Taxpayer Identification Number and Certification.
- (v) **Declaration of Ownership.** Subrecipient must require each landlord to submit a completed Declaration of Ownership and Authorization Form which is attached hereto as **Exhibit H**.

1.5 Subsidy Payments. Subrecipient shall make rent payments, security deposit payments and/or utility deposit payments, as applicable (collectively, the "Subsidy Payments"), to Landlords and/or to utility providers, as applicable, on behalf of Eligible Households. Subsidy payments must be provided in accordance to the HEART Program Operating Guidelines. Eligible Households are not expected to repay Subsidy Payments received pursuant to the HEART Program. Except as may be permitted by the HOME Program, Subrecipient's sole remedy in the event of noncompliance or breach by an Eligible Household shall be non-renewal of assistance under the HEART Program.

- (a) **Rental Assistance Calculation.** Subrecipient shall calculate the "Rental Assistance" payments to be paid on behalf of each Eligible Household under this Agreement. The calculation will determine each Eligible Household's initial program subsidy and share of rent. The initial household rent is equivalent to the maximum subsidy amount allowed under the HOME regulations and is calculated as the difference between 30% of the Eligible Household's gross monthly income and the payment standard for the size of the unit.
- (b) **Payment Standards.** Subrecipient must use the Garden Grove Housing Authority's current payment standards as set forth in the GGHA Payment Standards attached to the HEART Program Operating Guidelines as Appendix H. The Garden Grove Housing Authority's payment standards represent the cost of rent and utilities for moderately priced units in Garden Grove. Payment standards are established by bedroom size.
- (c) **Utility Allowance.** When utilities are included in the cost of renting a unit, that is, the owner assumes responsibility for payment for all utility services, the Eligible Households entire share of the housing costs will go directly to the owner. When the cost of utilities is not part of the rent, that is, the Eligible Household is directly responsible for payment of utility services, the Eligible Household's initial share will be determined by subtracting a utility allowance from 30% of the Eligible Household's gross monthly income. The Subrecipient must use the Garden Grove Housing Authority's Utility Allowance Schedule attached to the HEART Program Operating Guidelines as Appendix I.
- (d) **Term.** The Subrecipient will provide rental assistance for an initial term of 6 months, which can be extended in 3 month intervals, up to a total of six times, for a cumulative term of up to 24 months. Extensions will be granted at the

discretion of the Subrecipient and shall be based on continued program compliance and ongoing need.

- (e) **Security Deposit Assistance.** Subrecipient may provide security deposit assistance to each Eligible Household. It is anticipated that Subrecipient shall provide Security Deposit Assistance to each Eligible Household in an amount of up to the lesser of: (i) two months' approved rent for the Housing Unit or (ii) the standard security deposit required by the Landlord for non-subsidized tenants. The lease agreement must provide that the security deposit is refundable in accordance with state law. Security deposit refunds shall be provided by the Landlord directly to the Eligible Household. Any disputes involving the return, or lack thereof, of a security deposit shall be settled by Eligible Household and landlord, as provided for in the lease.
- (f) **Utility Deposit Assistance.** Subrecipient may provide utility deposit assistance on behalf of each Eligible Household. It is anticipated that the Subrecipient will provide utility deposit assistance to each Eligible Household in the full amount of any utility deposit required for electricity, gas, and/or water service to the utility provider when needed to assist the Eligible Household in establishing tenancy. Utility deposit assistance may be provided only if the following requirements are met:
 - (i) Utility deposit assistance is only available where rental assistance and/or security deposit assistance are also being provided.
 - (ii) Utility deposit assistance shall be paid directly to the Landlord or utility provider, as applicable, on behalf of the Eligible Household. Utility deposit refunds shall be returned directly to the Eligible Household.

1.6 Termination of Assistance and Returning Eligible Households.

- (a) **Termination of Rental Assistance.** Subrecipient may terminate assistance under the HEART Program for any of the following reasons:
 - (i) Eligible Household is evicted from the Housing Unit based on behavioral issues or unlawful activity;
 - (ii) Eligible Household will be assisted by another rental assistance program such as the Section 8 Tenant-Based or Project-Based Programs. Participation in any other rental assistance program is considered a duplicative subsidy therefore all HOME funded rental assistance must be terminated.

1.7 Returning Eligible Households. As needed, Eligible Households may be allowed to return to the program for rental assistance. A determination to allow re-entry shall be based on the following criteria:

- (a) Eligible Households must have left the program in good standing. To be in good standing, Eligible Households must have been engaged in their case management plan, voluntarily left the program (not in lieu of termination) or have been released because their household income exceeded eligibility limits. In general, Eligible Households will not be allowed to re-enter the program if they were terminated for non-compliance.
- (b) At the discretion of the Subrecipient, a request for readmission from a prospective Eligible Household previously terminated due to non-compliance may be considered when compelling reasons exist. In such cases, re-admission will require concurrence from the City.
- (c) Eligible Households may not return if the previous rental assistance was provided for more than 24 months. Cumulatively, Eligible Households may not receive rental assistance for more than a cumulative period of 24 months unless such assistance is both permitted by the HOME Program and approved by the City.

1.8 Additional Requirements.

- (a) **Self-Sufficiency Program.** Subrecipient shall require each Eligible Household receiving Subsidy Payments from the Subrecipient to participate in a "Self-Sufficiency Program" administered by Subrecipient in accordance with the HEART Program Self Sufficiency Case Management Policies and Procedures attached to the HEART Program Operating Guidelines as Appendix J. Failure of an Eligible Household that is already receiving Subsidy Payments to participate in the Self-Sufficiency Program shall not be grounds for termination of the Subsidy Payments, but may be grounds for non-renewal of Subsidy Payments upon expiration of the subsidy term.
- (b) **No Fees.** Subrecipient may not charge fees to any Eligible Household for the Services, Subsidy Payments, Self-Sufficiency Program or other services or assistance to be provided to Eligible Households under this Agreement.

1.9 Schedule of Performance. Subrecipient shall use its best efforts to perform the Services in accordance with the following schedule:

Households within one (1) year following execution of this Agreement. The Subrecipient and the City anticipate that ten (10) Eligible Households will be assisted through the HEART Program pursuant to this Agreement within such time period. As program income becomes available and/or additional HOME Funds are contributed to the HEART Program, Subrecipient shall use diligent efforts to Enroll additional Eligible Households within not more than three (3) months following written notice from the City that such additional funds are expected to become available.

- (ii) Subrecipient shall assist each Enrolled Eligible Household in finding an appropriate Housing Unit and shall conduct an HQS inspection of such Housing Unit, all within two (2) months following Enrollment of such Eligible Household.
 - (iii) Subrecipient shall commence providing Subsidy Payments on behalf of each Eligible Household and shall assist each Eligible Household to move into an HQS-inspected and approved Housing Unit, all within three (3) months following Enrollment of such Eligible Household.
- (c) Subrecipient shall cause each Eligible Household to commence participation in the required self-sufficiency program immediately upon Enrollment of such Eligible Household, whether or not such Eligible Household has yet moved into a Housing Unit and received the benefit of Subsidy Payments hereunder.

1.10 City Oversight and Approval Rights. City shall have the right, by written notice to Subrecipient at any time during the Term of this Agreement, to require City review and/or preapproval of any of the Services to be performed by Subrecipient hereunder, including for example income determinations, qualification of applicants as "Eligible Households," qualification of Housing Units, determination of reasonable rents, etc., to ensure compliance with the HEART Program, the HOME Program, or other applicable requirements.

City's payment obligations hereunder shall be limited to the actual amount of Subsidy Payments disbursed by Subrecipient in accordance with the terms of this Agreement and the approved Budget. 8.2 Institution of Legal Actions. In addition to any other rights and remedies, and subject to the restrictions otherwise set forth in this Agreement, either party may institute an action at law or in equity to seek the specific performance of the terms of this Agreement, to cure, correct or remedy any Default, to recover damages for any Default or to obtain any other remedy consistent with the purpose of this Agreement. 8.6 Attorneys' Fees. City and Subrecipient agree that in the event of litigation to enforce this Agreement or terms, provisions and conditions contained herein, to terminate this Agreement, or to collect damages for a Default hereunder, the prevailing party shall be entitled to all costs and expenses, including reasonable attorneys' fees, incurred in connection with such litigation.

HEART PROGRAM OPERATING GUIDELINES

**CITY OF GARDEN GROVE
HOMELESS EMERGENCY ASSISTANCE RENTAL TRANSITION
PROGRAM (HEART)**

OPERATING GUIDELINES

PROGRAM OVERVIEW

In May 2019, the City of GARDEN GROVE (City) introduced a comprehensive approach to addressing the needs of its homeless population. This approach is a collaborative response that brings together the resources of the City, residents, businesses, service providers, philanthropists, and the faith-based community. A component of this approach is to provide rental assistance with wrap-around services to very low-income households who have a high probability of achieving self-sustainability. Accordingly, the City is launching the Homeless Emergency Assistance Rental Transition (HEART) pilot program that combines the resources and experience of expert service providers with City subsidies including Low/Moderate-Income Housing Trust Funds (LMIHTF) and HOME Investment Partnership (HOME) funds.

The main goal of the HEART Program is to assist homeless individuals and families achieve self-sustainability via rental assistance and supportive services. One or more qualified service providers, herein referred to as the “Program Operators”, will carry out the housing and support services components of the Program. The supportive service component is subsidized with LMIHTF funds, whereas the housing component is subsidized with HOME funds.

The housing component of the HEART program is a Tenant-Based Rental Assistance (TBRA) program and follows all the requirements of the HOME Program, as set forth in the HOME program under Section 24, Part 92, of the Code of Federal Regulations (24 CFR 92). HOME funds will be used to provide tenant-based rental assistance for a period of 12 months with the option to extend assistance an additional 12 months on a case-by-case basis. The Program Operators will be responsible for locating units or other housing options for use by program participants, including bridge housing, conducting Housing Quality Standards (HQS) Inspections and disbursing rental assistance payments. Once housed, the Program Operators shall work with participants to maintain successful tenancy, comply with the lease and adjust to their new environment. Additionally, the Program Operators shall continue its wrap-around case management services that address the specific needs of each individual.

The City published a Request for Proposals (RFP) through which two non-profit service providers will be selected to administer the program through Fiscal Year 2019-2020. The goal of the program is to assist 20 individuals (10 per Program Operator) in the first year of operation.

The City will evaluate the impact of the HEART Program on homeless individuals at the end of the pilot period to determine the merits of extending the program and the effectiveness of services provided by the Program Operators. Key indicators of success will include the ability to transition off the HEART Program and remain housed without assistance, increases in earned income, increase in benefits and participation in case management.

The procedures set forth herein establish the tenant selection guidelines for the TBRA program, provide the necessary operating structure for the program and clarify the roles and responsibilities of the Program Operators and the City.

I. MARKETING, OUTREACH AND APPLICATION PROCESS

1. Marketing, Outreach and Intake

Prospective tenants for the program may be referred to the Program Operators through CES, or through the course of the Program Operators individual outreach and intake procedures. If being referred via CES, Program Operators must attempt to contact the individual within five (5) business days of the receipt of the referral. As part of the intake process, the Program Operators will complete a Coordinated Entry Intake form (**Appendix A**) for each member of the household, as well as review the individuals CES packet for completeness. If the packet is not complete, the Program Operators will be required to gathering the missing documentation in preparation for program acceptance.

2. Guidance for Eligible Households

The Program Operators will meet with the prospective eligible households throughout the application process and will continue to meet with and counsel each eligible household regarding the HEART Program, the eligible household's responsibilities as participants of the Program, and the goals and objectives of the Program.

II. DETERMINATION OF ELIGIBILITY

The HEART program combines the resources of the HOME program with LMIHTF funds. LMIHTF funds are utilized for the delivery of supportive service and HOME funds are utilized for rental assistance. While it is intended for the supportive services and rental assistance components of the program to be available jointly, applicant households must meet the eligibility qualifications of each program in order to receive the respective assistance. In order to determine eligibility, the Program Operators will meet with the prospective eligible household and complete the Program Application, attached as **Appendix B**. Eligibility for services offered by the HEART program shall adhere to the following selection criteria:

1. Income Eligible Household

- a) To receive services under the HEART program, applicant households must meet income eligibility requirements and have a total household income at or below the very low (50% AMI) income limits.
- b) Income limits for very-low income households are established annually for the HOME Program by HUD for the Orange County income limit area.
- c) Gross Annual Income shall be determined in accordance with 24 CFR 5.609, with the allowable exclusions from income established at 24 CFR 5.611.
- d) Gross Annual Income means the gross amount of income from all sources, including assets, for all adult household members that is anticipated to be received prospectively during the 12-month period following the date of application and before any deductions are taken.
- e) The Program Operators will determine and verify eligibility for assistance under the HEART Program through the review of income source documents. As outlined in the revised HOME rules published in July 2013, applicants must provide evidence of income for the two (2) most recent months. Acceptable source documents include wage statements, check stubs, entitlement verification from another government agency and bank

statements. The definition of income for the purposes of the HEART Program are located 24 CFR part 5 (often referred to as the Section 8 definition).

- f) The Program Operators may also consider any likely changes in income when collecting income verification documentation.
- g) Initial income verifications are valid for six months. If admission into the HEART program takes longer than 6 months, income verifications must be updated and reevaluated. After initial verification, income re-certifications shall be conducted annually.
- h) Income verifications will be used for two purposes:
 - i. To determine eligibility for services (HOME TBRA assistance). A determination of eligibility will be completed as part of the admissions process and thereafter annually.
 - ii. Income information will be used to establish the household's initial contribution toward rent, which shall be set at 30% of the household income. The household's initial contribution will remain unchanged for the first 6 months of assistance under the HOME TBRA program. Thereafter, rent will be adjusted in accordance with section IV below.

2. Currently homeless

- a) Meets the HUD Definition of homelessness (**Appendix C**) as identified under the ESG Program (24 CFR 576.2).

3. Current residents of the City of Garden Grove

Due to the nature of the population served by the HEART Program, it may not be possible to obtain traditional proof of residency documentation such as utility bills. The following documentation can be accepted to establish that an applicant household qualifies for the program and meets the Garden Grove live/work preference (**Appendix D**):

- a) Regularly receiving supportive services from a provider located in Garden Grove;
- b) Staying in homeless shelter/bridge/transitional housing
- c) Staying in a park/streets/other location in Garden Grove and documented by an outreach team or HMIS;
- d) Holding a job in Garden Grove;
- e) Attending an education program meant to lead to self- sufficiency in Garden Grove (certificate/degree/diploma program);
- f) Children attending school located in Garden Grove;
- g) Living in a shelter outside Garden Grove, but there is evidence of homelessness in Garden Grove before intake at the shelter through HMIS database, outreach team contact, etc.

4. Biannual Eligibility Verification

- a) The Program Operators will re-qualify each eligible household, including examination of source documentation, every 6 months.
- b) The Program Operators may request that a participating eligible household provide verification(s) more often than annually, as reasonably necessary to confirm continued qualification and eligibility for the TBRA Program.

The Program Operators will provide written notice to each Applicant stating whether the Applicant was determined to be eligible for assistance under the TBRA Program.

III. SELECTION OF HOUSING

1. Housing Unit Selection

Eligible households may elect to rent any housing unit in the County of Orange so long as the unit meets federal housing quality standards (HQS) or such other standards as may be made applicable to the TBRA Program by HOME Program statutes and/or regulations, specifically including Uniform Physical Condition Standards (UPCS) and passes a rent reasonableness test. Due to the nature of the population served by the HEART Program, it is expected that the Program Operators will assist eligible households with finding and selecting an appropriate housing unit that meets all program requirements.

While the Program Operators can refer eligible households to appropriate housing units, households may not be required to select a particular housing unit.

2. Occupancy Standards

The number of persons in each eligible household will determine the required unit type. Each household must comply with the 2+1 (i.e. two per bedroom plus one) occupancy standard.

The following table provides the occupancy standards by unit type:

Unit Type	Number in Household
One-Bedroom Unit	1 to 3 Persons
Two-Bedroom Unit	3 to 5 Persons
Three-Bedroom Unit	5 to 7 Persons
Four-Bedroom Unit	7 to 9 Persons

3. Property Inspections

Prior to occupancy of any housing unit by an eligible household, and again during the annual verification process, the Program Operators will have a certified Housing Quality Standards (HQS)

inspector inspect each housing unit to ensure the unit complies with HQS as set forth in the HOME Program (24 CFR 92.251), as well as all applicable state and local codes and ordinances, including zoning ordinances.

Each HQS inspection will include the following:

- a) Verification of property ownership;
- b) Verification of the age of the housing unit;
- c) Completed HQS Inspection Form (HUD -52580);
- d) Lead-based paint hazard assessment, dissemination of lead-based paint information pamphlet and disclosure form and lead-based paint reduction activities, if required;
- e) Adequate opportunity for landlord to correct any deficiencies indicated in the HQS Inspection form to bring the housing unit into compliance;
- f) Verification that occupancy by the eligible household will comply with occupancy standards;

4. Rent Reasonableness

Rental assistance paid on behalf of TBRA household must be in compliance with federal rent reasonableness requirements which require that rents paid by or on behalf of assisted households be similar to rents paid by non-assisted households.

Rent Reasonableness reviews will be performed by the Program Operators. The factors listed below shall be considered when determining rent comparability.

- a) Location and age
- b) Unit size including the number of rooms and square footage of rooms
- c) The type of unit including construction type (e.g., single family, duplex, garden, low-rise, high-rise)
- d) The quality of the unit, which includes the building construction, maintenance and improvements
- e) Amenities, services, and utilities included in the rent

The Program Operators will follow both the rent reasonableness regulations established for the Housing Choice Voucher (HCV) program at 24 CFR 982.507 and the methodology described in Chapter 8, Part III of the Garden Grove Housing Authority Administrative Plan for the HCV program to evaluate rents. In the event that a rent request does not meet rent reasonableness requirements, the Program Operators shall attempt to negotiate a lower rent with the property owner. If the owner is not willing to accept a lower rent, the household must be instructed to search for another unit. Under no circumstances shall the Program Operators or the assisted household agree to pay more than approved through the rent reasonableness review. Additionally, the assisted household is not allowed to make up any difference in the rent offer.

Garden Grove Housing Authority (GGHA) will provide support to the Program Operators in completing this task. GGHA will be available for technical support and grant access to rent reasonableness data that Program Operators can use in finalizing approvals. In the event that there is a conflict between rents authorized by Program Operators and rents authorized for other rent subsidy programs offered by the City of Garden Grove, the Program Operators must work with

GGHA and/or City staff to resolve the conflict so that there is parity in all City sponsored rental assistance programs.

5. Coordination with Landlords

The Program Operators will meet with and provide guidance to landlords participating in the HEART Program regarding the requirements and procedures that impact landlords.

a) Rental Assistance Contract (**Appendix E**)

- i. The Program Operators will enter into a Rental Assistance Contract with each participating household. The Rental Assistance Contract will establish the security deposit assistance payment and the initial rental assistance payments to be paid on behalf of the household. The Contract will also establish the participating household's initial share of the contract rent.
- ii. The household's share of rent will be adjusted if and when the household's income increases and shall continue to be set at 30% of the household income.
- iii. This Contract will have a term of 6 months.

b) Lease Addendum (**Appendix F**)

- i. The landlord will be required to enter into a lease agreement with a minimum term of at least one (1) month with any eligible household occupying a housing unit.
- ii. The lease agreement will include a lease addendum that will be executed in connection with the lease between the landlord and the eligible household.
- iii. The addendum will include the terms of the rental assistance payments to be paid to the landlord on behalf of the eligible household, confirm the obligations of the landlord, confirm obligations of the eligible household regarding payment of rent, utilities and appliances, rules and regulations of tenancy and confirm the landlord's obligation to maintain the housing unit in accordance with HQS.
- iv. The landlord will be required to provide the Program Operators with notice of a lease termination, prohibit discrimination by the landlord against the eligible household as well as lease provisions prohibited by the HOME Program.
- v. The Program Operators will review the rental agreement to confirm its compliance with state law and all HOME Program requirements.

c) IRS Form W-9 (**Appendix G**)

- i. Each landlord will be required to submit a completed IRS Form W-9 Request for Taxpayer Identification Number and Certification. The Program Operators will rely on this information when issuing a 1099 form to each payee as required by the IRS. A 1099 form must be issued annually to all participating landlord (payee).

IV. RENT CALCULATION, PAYMENT STANDARDS AND TERM

1. Rent Assistance Calculation

The Program Operators will complete a rental assistance calculation for each eligible household. The calculation will determine each household's initial program subsidy and share of the rent. The initial household rent is equivalent to the maximum subsidy amount allowed under HOME TBRA regulations and is calculated as the difference between 30% of the household's monthly income and the payment standard for the size of the unit. Each household's maximum rent subsidy will vary since the calculation involves the use of individualized factors such as the household's income and household size.

The initial household rent will remain unchanged for the first 6 months of assistance. Thereafter, household rent contributions may be increased if and when the household income increases. When increases in income occur, the Program Operators will complete a rental assistance calculation to include the increase in income within 30 days of receiving confirmation of the change in income. The household's rent contribution will be 30% of the adjusted household income for the duration of the program.

Minimum rent under the TBRA program is set at \$25.00. The minimum tenant payment is used if the maximum subsidy calculation would result in the household paying less than \$25.00 towards the monthly rent.

2. Payment Standards

The TBRA program must use the Garden Grove Housing Authority's (GGHA) current payment standards (**Appendix H**) to calculate monthly rental assistance. The GGHA's payment standards represent the cost of rent and utilities for moderately priced units in Garden Grove. Payment standards are established by bedroom size.

When utilities are included in the cost of renting a unit, that is, the owner assumes responsibility for payment for all utility services, the household's entire share of the housing costs will go directly to the owner.

When the cost of utilities is not part of the rent, that is, the household is directly responsible for payment of utility services, the household's initial share will be determined by subtracting a utility allowance from 30% of the household's total income. The Program Operators must use the Orange County Housing Authority (OCHA) Utility Allowance Schedule (**Appendix I**), as annually adopted by the GGHA, to determine the household's utility allowance. The result of 30% of the household's total income minus the applicable utility allowance is the household's initial share of rent. Each household is responsible for paying their rent share directly to the landlord each month.

If a selected housing unit is subject to contractual, statutory and/or regulatory affordability restrictions, the monthly rental assistance payments will not exceed the difference between the required affordable rent amount for the Housing Unit and 30% of the eligible household's monthly gross income.

3. Term

The Program Operators will provide rental assistance for an initial term of 6 months, which can be extended in 3 month intervals, up to a total six times, for a cumulative term of 24 months. Extensions will be granted at the discretion of the Program Operators and shall be based on continued program compliance and ongoing need.

V. UTILITY AND SECURITY DEPOSITS

1. Utility Deposit Assistance

The Program Operators may provide utility deposit assistance to an eligible household in the full amount of any utility deposit required for (electricity, gas and/or telephone service) to be provided to the utility provider when needed to assist the household in establishing a tenancy. Deposit assistance can only be provided once.

Utility Deposit Assistance may be provided only if the following requirements are met:

- a) Utility deposit assistance is only available where rental assistance is also being provided.
- b) Utility deposit assistance will be paid directly to the landlord or utility provider on behalf of the eligible household.

Utility deposits that are provided to the participating households will be in the form of a grant. Utility deposit refunds must be returned directly to the assisted household.

2. Security Deposit Assistance

As needed, the Program Operators will provide security deposit assistance to eligible households. Such assistance shall be the lesser of;

- a) Two months approved rent for the housing unit; or
- b) The standard security deposit required by the Landlord for non-subsidized tenants.

Security deposit assistance provided to participating households will be in the form of a grant. As such, the landlord can provide a security deposit refund directly to the household. Any disputes involving the return, or lack thereof, of a security deposit shall be settled by the tenant and landlord, as provided for in the lease. Deposit assistance can only be provided once for the duration of the program, including re-entry into the program following a separation.

VI. BI-ANNUAL RE-CERTIFICATION, TERMINATION OF ASSISTANCE AND RETURNING HOUSEHOLDS

1. Bi-annual Recertification

Recertification of income and program eligibility will occur semi-annually. The Program Operators will gather source documentation for participating households to determine annual income. Annual income must be calculated in accordance with 24 CFR part 5.

If the total household income is above 80% AMI, rental assistance must be terminated following a 30-day notification period. For households between 60% and 80% AMI the Program Operators must obtain approval from the City before rental assistance is continued.

2. Termination of Rental Assistance

Assistance can be terminated for the following reasons:

- a) Failure to comply with HEART Program Guidelines and/ or Client Participation Agreements including disengagement in client services.
- b) Eviction from the assisted rental unit based on behavioral issues and/or unlawful activity.
- c) The participant no longer qualifies, based on income eligibility, for assistance at semi-annual re-certification.
- d) Another rental assistance program such as the Section 8, Permanent Supportive Housing (PSH), Tenant-Based or Project-based program will assist the individual. Participation in any other rental assistance program is considered a duplicative subsidy therefore all HOME funded rental assistance must terminate.

3. Returning Participant Households

As needed, participants may be allowed to return to the program for either support services, rental assistance or both. A determination to allow re-entry shall be based on the following criteria:

- a) Participants must have left the program in good standing. To be in good standing, participants must have been engaged in their case management plan, voluntarily left the program (not in lieu of termination) or have been released because their household income exceeded eligibility limits. In general, participants will not be allowed to re-enter the program if they were terminated for non-compliance.
- b) At the discretion of the Program Operators, a request for readmission from a non-compliant household may be considered when compelling reasons exist. In such cases, re-admission will require concurrence from the City of Garden Grove.
- c) The participant's previous rental assistance did not exceed 24 months. Cumulatively, participants will only be allowed to receive rental assistance for a maximum of 24 months.

VII. SELF SUFFICIENCY CASE MANAGEMENT SERVICES

The Program Operators will request each eligible household receiving rental assistance payments to participate in Self-Sufficiency Case Management Services (**Appendix J**) administered by the Program Operators. The Self-Sufficiency Program provides participating households with intense case management, which is designed to assist participants move to self-sufficiency within a 12 to 24 month period. Income re-certifications will be completed semi-annually for participating households.

Eligible households that fail to participate in the Self-Sufficiency Program will not be allowed to receive rental assistance extensions.

The Program Operators will use their agencies respective case management models to carry out these services. Although the Program Operators will utilize their own model, the Program Operators will be required to complete certain activities. The key activities are as follows:

1. Review the clients Coordinated Entry packet, specifically the VI-SPDAT, to determine service needs,
2. Development of a comprehensive, individualized service plan,
3. Coordination of services required to implement the plan,
4. Monitoring of client to assess the effectiveness of the plan,
5. Periodic service plan re-evaluation at least every three (3) months and adaptation of the plan, as necessary, and
6. Clear documentation of assessment, plan, and service referrals.

VIII. PERFORMANCE MEASUREMENTS

The City will evaluate the impact of the HEART program on homeless individuals at the end of the pilot period to determine the merits of extending the program and the effectiveness of services provided by the Program Operators. Listed below are the key indicators the program will use to assess the program effectiveness.

Performance Measurements
of individuals receiving tenant based rental assistance.
of individuals receiving case management, including the development of an individualized case management plan.
of individuals who achieved one or more goals from their case management plan.
of individuals who obtained health insurance due to case management services.
of individuals with higher income at program exit than at program entry.
of individuals with more non-cash benefits at program exit than at program entry.
of individuals that successfully complete the program and maintain their housing without assistance.
of individuals that successfully complete the program but need permanent housing assistance.

APPENDIX J – SELF-SUFFICIENCY CASE MANAGEMENT POLICIES AND PROCEDURES

Appendix J - Self Sufficiency Case Management Policies and Procedures

Overview

The City of Garden Grove's (City) Homeless Emergency Assistance Rental Transition (HEART) Program (Program) is focused on assisting homeless household's secure supportive services and housing. Primarily, the program will serve:

- Individuals that score between a 4 and 7 on the VI-SPDAT and; or
- Individuals that score an 8 or above on the VI-SPDAT, but do not have a debilitating condition that would keep them from maintaining housing and employment.

To facilitate the delivery of HEART services, the City published a Request for Proposals (RFP) and to select two Program Operators (Operators) to administer the program through FY 2019-20. The goal of the program is to assist 20 individuals (10 each) in the first 12 months of operation.

The Program aims to provide tenant based rental assistance and self-sufficiency case management services to homeless households. During their time in the Program, households will work closely with a case manager to secure housing, develop an individualized service plan, and implement the plan in order to maintain housing after rental subsidy ceases.

Operators will request each eligible household receiving rental assistance payments to participate in self-sufficiency case management services. The self-sufficiency program provides participating households with intense case management, which is designed to assist participants move to self-sufficiency within a 12 month period, with the option to extend the Program an additional 12 months upon City approval.

The case management component is funded with Low/Moderate-Income Housing Trust Fund (LMIHTF) money and the housing component is funded with HOME funds. The HOME funds will be used to provide tenant-based rental assistance, for up to 24 months.

If the participating household's income exceeds the very low (50% AMI) income limits, the Operators must receive City approval to continue providing services. Eligible households that fail to participate in the Self –Sufficiency Program will not be allowed to receive rental assistance extensions.

The Operators will use their agency's respective case management models to carry out these services. Although the Operators will utilize their own models, they will be required to complete certain activities which are identified in the following sections.

Outreach and Program Referral

Prospective tenants for the program may be referred to the Operators through CES, or through the course of the Operators individual outreach and intake procedures. If being referred via CES, Operators must attempt to contact the individual within five (5) business days of the receipt of the referral. As part of the intake process, the Operators will complete a Coordinated Entry Intake form (**Attachment A**) for each member of the household, as well as review the individuals CES packet for completeness. If the packet is not complete, the Operators will be required to gathering the missing documentation in preparation for program acceptance.

Housing History and Search

As soon as a household is enrolled, the Operator will begin to work with the participant to identify housing history, barriers and goals, and identify housing. The Operator is responsible for assisting participants with the following:

- Assist participants in housing search which may include providing transportation to units (if needed)
- Help participants complete rental application paper work and submit to leasing agents
- Assist participants with preparing to make personal contact with landlords (including dress, cleanliness, and presentation) when applying for housing.
- Assist participants to follow up with landlords, once a unit is identified to ensure paperwork needed to secure the unit and move in is complete.

During this time, most of the focus of the case management relationship is on the housing search. However, participants may need other supports, including assistance gaining income, handling health or mental health issues, or other needs.

Case Management Approach

The self-sufficiency case management shall provide the support necessary to help the household retain housing once it is secured, to secure resources and make connections in the community that can sustain them after the program is over. The program is intended to be compassionate, individualized and "Housing First" oriented. Nonetheless, to achieve the income levels or other supports needed to sustain housing, participants are expected to be actively engaged in whatever self-determined goals they have set in their individualized service plan.

Using the VI-SPDAT as a guide, the Operator's staff will work with the households to develop an Individualized Service Plan (**Attachment A**). The individualized service plan is prepared at the time of move-in and should be updated as frequently as necessary to reflect changing situations. The plan outlines the household's goals to stabilize in their housing in key areas. Some examples of key areas are the following:

- Increase income through employment, benefits or a combination of the two, as needed to sustain housing
- Outpatient physical and/ or mental health services
- Outpatient substance abuse treatment services
- Landlord mediation and credit building
- Transportation assistance
- Education services including consumer education, health education, substance abuse prevention, literacy, ESL and GED
- Employment assistance and job training
- Life skills training such as budgeting, money management, household management, nutrition, and other skills that may never have been learned or have been lost
- Other self-established priorities

Supportive Service Referral Procedures

A household's need for supportive services will be addressed in case management sessions. The program operator's staff will be trained on resources that are available in the community and have access to electronic and other resource guides.

Once a need is identified, the Operator will provide the household with a list of resource referrals, primary contact information and any other important information related to accessing the service. Households with a lower level of acuity may opt to access the resource on their own. Households with a higher level of acuity may be provided additional support to access the resource including arranging appointments and transportation to the service site. Households may be provided transportation assistance via a bus voucher or gas card, as funding permits.

Once the Operator has provided a household with a resource referral they will include this referral in their case management meeting notes. At the subsequent case management session, the programs operator's staff will inquire as to the success of the resource connection. Here they will address and problem solve any remaining challenges that may hinder the households ability to access the resource and provide additional support where and as needed. The Operator will note the outcome of each resource referral in both the case notes and in the HMIS record.

Case Management Meetings

The frequency of case management meetings is determined by each households need. Operator's staff will meet with households a minimum of once bi-monthly. These meetings are mandatory and a participant can request more frequent meetings. Case Management meetings should be face-to-face and held in a safe and private location. If the Operator's staff is unable to meet with the client and, instead, connects with them over the phone, the reason must be documented in the case file.

These meetings will be used to assist household in obtaining appropriate supportive services, as well as connect them to other federal, state, local and private benefits and services for which they may be eligible. Households will work closely with Operators to set individualized service goals and create a plan to maintain housing.

Case Management Files, HMIS and Reporting

The following outlines policies for Case Management Files and Data Collection.

- All HUD mandated information will be entered into the HMIS system per 211 OC requirements.
- At program entry, households will complete a standard HMIS intake form and sign an HMIS Consent form that is kept in the case file.
- Case Management Databases will be updated at least monthly
- Quarterly data reviews will be conducted to ensure data quality and to evaluate program effectiveness.
- All case management information must be kept confidential and information should not be disclosed to anyone outside the program operators staff without a signed disclosure form
- All client's personal information should be protected and only shared even among program operator staff when necessary to ensure the client receives quality assistance
- All meetings must be documented in case notes and include:
 - date of meeting
 - overview of meeting content
 - observations/concerns
 - status of service plan progress and goals
 - staff initials
- Case notes should clearly connect to the households stated housing and other goals.
- All supportive services received by households must be clearly documented in their case file.
- Operators will maintain adequate records of services in sufficient detail to demonstrate compliance with the policies and procedures of the program. These records shall be retained for 7 years from the date service provision stops.

Termination of Assistance

Rental assistance and case management services can be terminated for the following reasons:

- Failure to comply with HEART Program Guidelines and/ or Client Participation Agreements including disengagement in client services.
- Eviction from the assisted rental unit based on behavioral issues and/or unlawful activity.
- The participant no longer qualifies, based on income eligibility, for assistance at semi-annual re-certification.

Another rental assistance program such as the Section 8, Permanent Supportive Housing (PSH), Tenant-Based or Project-based program will assist the individual. Participation in any other rental assistance program is considered a duplicative subsidy therefore all HOME funded rental assistance must terminate.

Performance Measurements

The City will evaluate the impact of the HEART program on homeless individuals at the end of the pilot period to determine the merits of extending the program and the effectiveness of services provided by the Operators. Listed below are the key indicators the program will use to assess the program effectiveness.

Performance Measurements
of individuals receiving tenant based rental assistance.
of individuals receiving case management, including the development of an individualized case management plan.
of individuals who achieved one or more goals from their case management plan.
of individuals who obtained employment or enrolled in an educational/ training program.
of individuals who obtained health insurance due to case management services.
of individuals with higher income at program exit than at program entry.
of individuals with more non-cash benefits at program exit than at program entry.
of individuals that successfully complete the program and maintain their housing without assistance for at least 12 months.
of individuals that successfully complete the program but need permanent housing assistance.

DEFINITION OF INCOME

Federal regulations at 24 CFR 5.609 (Part 5) define annual income as the *gross amount of income of all adult household members that is anticipated to be received during the coming 12-month period*. Each of the italicized phrases in this definition is key to understanding the requirements for calculating annual income:

24 CFR Part 5 Annual Income Inclusions	
<p>1. The full amount, before any payroll deductions, of wages and salaries, overtime pay, commissions, fees, tips and bonuses, and other compensation for personal services.</p> <p>2. The net income from the operation of a business or profession. Expenditures for business expansion or amortization of capital indebtedness shall not be used as deductions in determining net income. An allowance for depreciation of assets used in a business or profession may be deducted, based on straight-line depreciation, as provided in Internal Revenue Service regulations. Any withdrawal of cash or assets from the operation of a business or profession will be included in income, except to the extent the withdrawal is reimbursement of cash or assets invested in the operation by the family.</p> <p>3. Interest, dividends, and other net income of any kind from real or personal property. Expenditures for amortization of capital indebtedness shall not be used as deductions in determining net income. An allowance for depreciation is permitted only as authorized in number 2 (above). Any withdrawal of cash or assets from an investment will be included in income, except to the extent the withdrawal is reimbursement of cash or assets invested by the family. Where the family has net family assets in excess of \$5,000, annual income shall include the greater of the actual income derived from all net family assets or a percentage of the value of such assets based on the current passbook savings rate, as determined by HUD.</p>	<p>4. The full amount of periodic amounts received from Social Security, annuities, insurance policies, retirement funds, pensions, disability or death benefits, and other similar types of periodic receipts, including a lump-sum amount or prospective monthly amounts for the delayed start of a periodic amount (except for certain exclusions, listed in Exhibit 3.2, number 14).</p> <p>5. Payments in lieu of earnings, such as unemployment and disability compensation, worker's compensation, and severance pay (except for certain exclusions, as listed in Exhibit 3.2, number 3).</p> <p>6. Welfare Assistance. Welfare assistance payments made under the Temporary Assistance for Needy Families (TANF) program are included in annual income:</p> <ul style="list-style-type: none">• Qualify as assistance under the TANF program definition at 45 CFR 260.31; and• Are otherwise excluded from the calculation of annual income per 24 CFR 5.609(c). <p>If the welfare assistance payment includes an amount specifically designated for shelter and utilities that is subject to adjustment by the welfare assistance agency in accordance with the actual cost of shelter and utilities, the amount of welfare assistance income to be included as income shall consist of:</p> <ul style="list-style-type: none">• the amount of the allowance or grant exclusive of the amount specifically designated for shelter or utilities; <i>plus</i>• the maximum amount that the welfare assistance agency could in fact allow the family for shelter and utilities. If the family's welfare assistance is reduced from the standard of need by applying a percentage, the amount calculated under 24 CFR 5.609 shall be the amount resulting from one application of the percentage.

24 CFR Part 5 Annual Income Exclusions

2. Payments received for the care of foster children or foster adults (usually persons with disabilities, unrelated to the tenant family, who are unable to live alone).

5. Income of a live-in aide (as defined in 24 CFR 5.403).
6. Certain increases in income of a disabled member of qualified families residing in HOME-assisted housing or receiving HOME tenant-based rental assistance (24 CFR 5.671(a)).

(d) Amounts received under a resident service stipend. A resident service stipend is a modest amount (not to exceed \$200 per month) received by a resident for performing a service for the PHA or owner, on a part-time basis, that enhances the quality of life in the development. LEAD-BASED HAZARD INFORMATION PAMPHLET

"PROTECT YOUR FAMILY FROM LEAD IN YOUR HOME"

Protect Your Family From Lead in Your Home

 **EPA** United States
Environmental
Protection Agency

 United States
Consumer Product
Safety Commission

 United States
Department of Housing
and Urban Development

June 2017

Are You Planning to Buy or Rent a Home Built Before 1978?

Did you know that many homes built before 1978 have **lead-based paint**? Lead from paint, chips, and dust can pose serious health hazards.

Read this entire brochure to learn:

- How lead gets into the body
- How lead affects health
- What you can do to protect your family
- Where to go for more information

Before renting or buying a pre-1978 home or apartment, federal law requires:

- Sellers must disclose known information on lead-based paint or lead-based paint hazards before selling a house.
- Real estate sales contracts must include a specific warning statement about lead-based paint. Buyers have up to 10 days to check for lead.
- Landlords must disclose known information on lead-based paint and lead-based paint hazards before leases take effect. Leases must include a specific warning statement about lead-based paint.

If undertaking renovations, repairs, or painting (RRP) projects in your pre-1978 home or apartment:

- Read EPA's pamphlet, *The Lead-Safe Certified Guide to Renovate Right*, to learn about the lead-safe work practices that contractors are required to follow when working in your home (see page 12).

Simple Steps to Protect Your Family from Lead Hazards

If you think your home has lead-based paint:

- Don't try to remove lead-based paint yourself.
- Always keep painted surfaces in good condition to minimize deterioration.
- Get your home checked for lead hazards. Find a certified inspector or risk assessor at epa.gov/lead.
- Talk to your landlord about fixing surfaces with peeling or chipping paint.
- Regularly clean floors, window sills, and other surfaces.
- Take precautions to avoid exposure to lead dust when remodeling.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe certified renovation firms.
- Before buying, renting, or renovating your home, have it checked for lead-based paint.
- Consult your health care provider about testing your children for lead. Your pediatrician can check for lead with a simple blood test.
- Wash children's hands, bottles, pacifiers, and toys often.
- Make sure children eat healthy, low-fat foods high in iron, calcium, and vitamin C.
- Remove shoes or wipe soil off shoes before entering your house.

Lead Gets into the Body in Many Ways

Adults and children can get lead into their bodies if they:

- Breathe in lead dust (especially during activities such as renovations, repairs, or painting that disturb painted surfaces).
- Swallow lead dust that has settled on food, food preparation surfaces, and other places.
- Eat paint chips or soil that contains lead.

Lead is especially dangerous to children under the age of 6.

- At this age, children's brains and nervous systems are more sensitive to the damaging effects of lead.
- Children's growing bodies absorb more lead.
- Babies and young children often put their hands and other objects in their mouths. These objects can have lead dust on them.

Women of childbearing age should know that lead is dangerous to a developing fetus.

- Women with a high lead level in their system before or during pregnancy risk exposing the fetus to lead through the placenta during fetal development.

Health Effects of Lead

Lead affects the body in many ways. It is important to know that even exposure to low levels of lead can severely harm children.

In children, exposure to lead can cause:

- Nervous system and kidney damage
- Learning disabilities, attention-deficit disorder, and decreased intelligence
- Speech, language, and behavior problems
- Poor muscle coordination
- Decreased muscle and bone growth
- Hearing damage

While low-lead exposure is most common, exposure to high amounts of lead can have devastating effects on children, including seizures, unconsciousness, and in some cases, death.

Although children are especially susceptible to lead exposure, lead can be dangerous for adults, too.

In adults, exposure to lead can cause:

- Harm to a developing fetus
- Increased chance of high blood pressure during pregnancy
- Fertility problems (in men and women)
- High blood pressure
- Digestive problems
- Nerve disorders
- Memory and concentration problems
- Muscle and joint pain

Check Your Family for Lead

Get your children and home tested if you think your home has lead.

Children's blood lead levels tend to increase rapidly from 6 to 12 months of age, and tend to peak at 18 to 24 months of age.

Consult your doctor for advice on testing your children. A simple blood test can detect lead. Blood lead tests are usually recommended for:

- Children at ages 1 and 2
- Children or other family members who have been exposed to high levels of lead
- Children who should be tested under your state or local health screening plan

Your doctor can explain what the test results mean and if more testing will be needed.

Where Lead-Based Paint Is Found

In general, the older your home or childcare facility, the more likely it has lead-based paint.¹

Many homes, including private, federally-assisted, federally-owned housing, and childcare facilities built before 1978 have lead-based paint. In 1978, the federal government banned consumer uses of lead-containing paint.²

Learn how to determine if paint is lead-based paint on page 7.

Lead can be found:

- In homes and childcare facilities in the city, country, or suburbs,
- In private and public single-family homes and apartments,
- On surfaces inside and outside of the house, and
- In soil around a home. (Soil can pick up lead from exterior paint or other sources, such as past use of leaded gas in cars.)

Learn more about where lead is found at epa.gov/lead.

¹ "Lead-based paint" is currently defined by the federal government as paint with lead levels greater than or equal to 1.0 milligram per square centimeter (mg/cm), or more than 0.5% by weight.

² "Lead-containing paint" is currently defined by the federal government as lead in new dried paint in excess of 90 parts per million (ppm) by weight.

Identifying Lead-Based Paint and Lead-Based Paint Hazards

Deteriorating lead-based paint (peeling, chipping, chalking, cracking, or damaged paint) is a hazard and needs immediate attention. **Lead-based paint** may also be a hazard when found on surfaces that children can chew or that get a lot of wear and tear, such as:

- On windows and window sills
- Doors and door frames
- Stairs, railings, banisters, and porches

Lead-based paint is usually not a hazard if it is in good condition and if it is not on an impact or friction surface like a window.

Lead dust can form when lead-based paint is scraped, sanded, or heated. Lead dust also forms when painted surfaces containing lead bump or rub together. Lead paint chips and dust can get on surfaces and objects that people touch. Settled lead dust can reenter the air when the home is vacuumed or swept, or when people walk through it. EPA currently defines the following levels of lead in dust as hazardous:

- 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) and higher for floors, including carpeted floors
- 250 $\mu\text{g}/\text{ft}^2$ and higher for interior window sills

Lead in soil can be a hazard when children play in bare soil or when people bring soil into the house on their shoes. EPA currently defines the following levels of lead in soil as hazardous:

- 400 parts per million (ppm) and higher in play areas of bare soil
- 1,200 ppm (average) and higher in bare soil in the remainder of the yard

Remember, lead from paint chips—which you can see—and lead dust—which you may not be able to see—both can be hazards.

The only way to find out if paint, dust, or soil lead hazards exist is to test for them. The next page describes how to do this.

Checking Your Home for Lead

You can get your home tested for lead in several different ways:

- A lead-based paint **inspection** tells you if your home has lead-based paint and where it is located. It won't tell you whether your home currently has lead hazards. A trained and certified testing professional, called a lead-based paint inspector, will conduct a paint inspection using methods, such as:

- Portable x-ray fluorescence (XRF) machine
- Lab tests of paint samples

- A **risk assessment** tells you if your home currently has any lead hazards from lead in paint, dust, or soil. It also tells you what actions to take to address any hazards. A trained and certified testing professional, called a risk assessor, will:

- Sample paint that is deteriorated on doors, windows, floors, stairs, and walls
- Sample dust near painted surfaces and sample bare soil in the yard
- Get lab tests of paint, dust, and soil samples

- A combination inspection and risk assessment tells you if your home has any lead-based paint and if your home has any lead hazards, and where both are located.

Be sure to read the report provided to you after your inspection or risk assessment is completed, and ask questions about anything you do not understand.

Checking Your Home for Lead, continued

In preparing for renovation, repair, or painting work in a pre-1978 home, Lead-Safe Certified renovators (see page 12) may:

- Take paint chip samples to determine if lead-based paint is present in the area planned for renovation and send them to an EPA-recognized lead lab for analysis. In housing receiving federal assistance, the person collecting these samples must be a certified lead-based paint inspector or risk assessor
- Use EPA-recognized tests kits to determine if lead-based paint is absent (but not in housing receiving federal assistance)
- Presume that lead-based paint is present and use lead-safe work practices

There are state and federal programs in place to ensure that testing is done safely, reliably, and effectively. Contact your state or local agency for more information, visit epa.gov/lead, or call **1-800-424-LEAD (5323)** for a list of contacts in your area.³

³ Hearing- or speech-challenged individuals may access this number through TTY by calling the Federal Relay Service at 1-800-877-8339.

What You Can Do Now to Protect Your Family

If you suspect that your house has lead-based paint hazards, you can take some immediate steps to reduce your family's risk:

- If you rent, notify your landlord of peeling or chipping paint.
- Keep painted surfaces clean and free of dust. Clean floors, window frames, window sills, and other surfaces weekly. Use a mop or sponge with warm water and a general all-purpose cleaner. (Remember: never mix ammonia and bleach products together because they can form a dangerous gas.)
- Carefully clean up paint chips immediately without creating dust.
- Thoroughly rinse sponges and mop heads often during cleaning of dirty or dusty areas, and again afterward.
- Wash your hands and your children's hands often, especially before they eat and before nap time and bed time.
- Keep play areas clean. Wash bottles, pacifiers, toys, and stuffed animals regularly.
- Keep children from chewing window sills or other painted surfaces, or eating soil.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe Certified renovation firms (see page 12).
- Clean or remove shoes before entering your home to avoid tracking in lead from soil.
- Make sure children eat nutritious, low-fat meals high in iron, and calcium, such as spinach and dairy products. Children with good diets absorb less lead.

Reducing Lead Hazards

Disturbing lead-based paint or removing lead improperly can increase the hazard to your family by spreading even more lead dust around the house.

- In addition to day-to-day cleaning and good nutrition, you can **temporarily** reduce lead-based paint hazards by taking actions, such as repairing damaged painted surfaces and planting grass to cover lead-contaminated soil. These actions are not permanent solutions and will need ongoing attention.
- You can minimize exposure to lead when renovating, repairing, or painting by hiring an EPA- or state-certified renovator who is trained in the use of lead-safe work practices. If you are a do-it-yourselfer, learn how to use lead-safe work practices in your home.
- To remove lead hazards permanently, you should hire a certified lead abatement contractor. Abatement (or permanent hazard elimination) methods include removing, sealing, or enclosing lead-based paint with special materials. Just painting over the hazard with regular paint is not permanent control.

Always use a certified contractor who is trained to address lead hazards safely.

- Hire a Lead-Safe Certified firm (see page 12) to perform renovation, repair, or painting (RRP) projects that disturb painted surfaces.
- To correct lead hazards permanently, hire a certified lead abatement professional. This will ensure your contractor knows how to work safely and has the proper equipment to clean up thoroughly.

Certified contractors will employ qualified workers and follow strict safety rules as set by their state or by the federal government.

Reducing Lead Hazards, continued

If your home has had lead abatement work done or if the housing is receiving federal assistance, once the work is completed, dust cleanup activities must be conducted until clearance testing indicates that lead dust levels are below the following levels:

- 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) for floors, including carpeted floors
- 250 $\mu\text{g}/\text{ft}^2$ for interior windows sills
- 400 $\mu\text{g}/\text{ft}^2$ for window troughs

For help in locating certified lead abatement professionals in your area, call your state or local agency (see pages 14 and 15), or visit epa.gov/lead, or call 1-800-424-LEAD.

Renovating, Repairing or Painting a Home with Lead-Based Paint

If you hire a contractor to conduct renovation, repair, or painting (RRP) projects in your pre-1978 home or childcare facility (such as pre-school and kindergarten), your contractor must:

- Be a Lead-Safe Certified firm approved by EPA or an EPA-authorized state program
- Use qualified trained individuals (Lead-Safe Certified renovators) who follow specific lead-safe work practices to prevent lead contamination
- Provide a copy of EPA's lead hazard information document, *The Lead-Safe Certified Guide to Renovate Right*

RRP contractors working in pre-1978 homes and childcare facilities must follow lead-safe work practices that:

- **Contain the work area.** The area must be contained so that dust and debris do not escape from the work area. Warning signs must be put up, and plastic or other impermeable material and tape must be used.
- **Avoid renovation methods that generate large amounts of lead-contaminated dust.** Some methods generate so much lead-contaminated dust that their use is prohibited. They are:
 - Open-flame burning or torching
 - Sanding, grinding, planing, needle gunning, or blasting with power tools and equipment not equipped with a shroud and HEPA vacuum attachment
 - Using a heat gun at temperatures greater than 1100°F
- **Clean up thoroughly.** The work area should be cleaned up daily. When all the work is done, the area must be cleaned up using special cleaning methods.
- **Dispose of waste properly.** Collect and seal waste in a heavy duty bag or sheeting. When transported, ensure that waste is contained to prevent release of dust and debris.

To learn more about EPA's requirements for RRP projects, visit epa.gov/getleadsafe, or read *The Lead-Safe Certified Guide to Renovate Right*.

Other Sources of Lead

Lead in Drinking Water

The most common sources of lead in drinking water are lead pipes, faucets, and fixtures.

Lead pipes are more likely to be found in older cities and homes built before 1986.

You can't smell or taste lead in drinking water.

To find out for certain if you have lead in drinking water, have your water tested.

Remember older homes with a private well can also have plumbing materials that contain lead.

Important Steps You Can Take to Reduce Lead in Drinking Water

- Use only cold water for drinking, cooking and making baby formula. Remember, boiling water does not remove lead from water.
- Before drinking, flush your home's pipes by running the tap, taking a shower, doing laundry, or doing a load of dishes.
- Regularly clean your faucet's screen (also known as an aerator).
- If you use a filter certified to remove lead, don't forget to read the directions to learn when to change the cartridge. Using a filter after it has expired can make it less effective at removing lead.

Contact your water company to determine if the pipe that connects your home to the water main (called a service line) is made from lead. Your area's water company can also provide information about the lead levels in your system's drinking water.

For more information about lead in drinking water, please contact EPA's Safe Drinking Water Hotline at 1-800-426-4791. If you have other questions about lead poisoning prevention, call 1-800 424-LEAD.*

Call your local health department or water company to find out about testing your water, or visit epa.gov/safewater for EPA's lead in drinking water information. Some states or utilities offer programs to pay for water testing for residents. Contact your state or local water company to learn more.

Other Sources of Lead, continued

- **Lead smelters** or other industries that release lead into the air.
- **Your job.** If you work with lead, you could bring it home on your body or clothes. Shower and change clothes before coming home. Launder your work clothes separately from the rest of your family's clothes.
- **Hobbies** that use lead, such as making pottery or stained glass, or refinishing furniture. Call your local health department for information about hobbies that may use lead.
- Old **toys** and **furniture** may have been painted with lead-containing paint. Older toys and other children's products may have parts that contain lead.⁴
- Food and liquids cooked or stored in **lead crystal** or **lead-glazed pottery or porcelain** may contain lead.
- Folk remedies, such as "**greta**" and "**azarcon**," used to treat an upset stomach.

⁴ In 1978, the federal government banned toys, other children's products, and furniture with lead-containing paint. In 2008, the federal government banned lead in most children's products. The federal government currently bans lead in excess of 100 ppm by weight in most children's products.

IMPORTANT!

Lead From Paint, Dust, and Soil in and Around Your Home Can Be Dangerous if Not Managed Properly

- Children under 6 years old are most at risk for lead poisoning in your home.
- Lead exposure can harm young children and babies even before they are born.
- Homes, schools, and child care facilities built before 1978 are likely to contain lead-based paint.
- Even children who seem healthy may have dangerous levels of lead in their bodies.
- Disturbing surfaces with lead-based paint or removing lead-based paint improperly can increase the danger to your family.
- People can get lead into their bodies by breathing or swallowing lead dust, or by eating soil or paint chips containing lead.
- People have many options for reducing lead hazards. Generally, lead-based paint that is in good condition is not a hazard (see page 10).

The Lead -Based Paint Owner Certification must be received by the PHA before the execution of the HAP contract or within the time period stated by the PHA in the owner HQS violation notice. Receipt of the completed and signed Lead-Based Paint Owner Certification signifies that all HQS lead-based paint requirements have been met and no re-inspection by the HQS inspector is required.
