WHEREAS, the City Council gave due and careful consideration to the matter during its meeting of March 9, 2021; and

WHEREAS, the City Council of the City of Garden Grove hereby makes the following findings regarding Amendment No. A-030-2021:

A. Proposed Amendment No. A-030-2021 is internally consistent with the goals, policies, and elements of the General Plan. Under the proposed Amendment No. A-030-2021, the City's Zoning Map will be amended to rezone the project site from R-1 (Single-Family Residential) to R-3 (Multiple-Family Residential), to facilitate the development of the proposed 6-unit residential apartment project, and to ensure consistency with the proposed General Plan Land Use Designation of Medium Density Residential (MDR). The R-3 (Multiple-Family Residential) zone implements the MDR Land Use Designation and is intended to provide for a variety of types and densities of multiple-family residential dwellings. This zone is intended to promote housing opportunities in close proximity to employment and commercial centers. Pursuant to Garden Grove Municipal Code Subsection 9.12.040.050.A.4, a maximum of 8 dwelling units would be permitted on the 20,500-acre site under the R-3 zoning. The proposed project will contain 6 units, which is less than the maximum allowed. Rezoning the site from R-1 (Single-Family Residential) to R-3 (Multiple-Family Residential), is consistent with the goals and policies of the General Plan Land Use Element, including Policy LU-2.4, which encourages the City to assure that the type

and intensity of land use shall be consistent with that of the immediate neighborhood. The project is also consistent with Goal LU-3, which encourages adding higher density residential development adjacent to major thoroughfares in the City. The site's proposed multiple-family residential type housing is similar and compatible with the surrounding properties, which have both multi-family and single-family housing. Accordingly, the R-3 zoning designation is appropriate for the property and will ensure that the site is maintained in continuity with surrounding land uses.

B. The proposed zone change will ensure a degree of compatibility with surrounding properties and uses. Under the proposed Amendment No. A-030-2021, the City's Zoning Map will be amended to rezone the project site from R-1 (Single-Family Residential) to R-3 (Multiple-Family Residential), to facilitate the development of the proposed 6-unit residential apartment Project, and to ensure consistency with the proposed General Plan Land Use Designation of Medium Density Residential (MDR). The proposed General Plan amendment will facilitate the development of the proposed 6-unit residential apartment project. The site's proposed multiple-family residential type housing is similar and compatible with the surrounding properties, which have both multi-family and single-family housing. The surrounding properties have a mix of R-3 (Multiple-Family Residential), R-1 (Single-Family Residential), and Residential Planned Unit Development zoning. Accordingly, the R-3 zoning designation is appropriate for the site and will ensure that the site is compatible with and is developed and maintained in continuity with surrounding land uses.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GARDEN GROVE DOES ORDAIN AS FOLLOWS:

Section 1. The above recitals are true and correct.

Section 2. The facts and reasons stated in Planning Commission Resolution No. 6012-21 recommending approval of Amendment No. A-030-2021, a copy of which is on file in the Office of the City Clerk, are hereby incorporated herein by reference with the same force and effect as if set forth in full.

Section 3. Amendment No. A-030-2021 is hereby approved.

Section 4. The zoning of the Project site is re-zoned from R-1 (Single-Family Residential) to R-3 (Multiple-Family Residential), as shown on the attached map. Zone Map part L-09 is amended accordingly.
