Action: Jose Rodriguez, the MIG Consultant for the Housing Element update project, conducted a presentation on the Engagement Tools and Methods for the Housing Element, which included community surveys, land-use mapping surveys, forums, inclusion of public comments, and Planning Commission Study Sessions. Housing Element topics included the overall Process, Regional Housing Needs Allocation (RHNA), Key Housing Programs, HCD Review and Comments, Land Use Element, Safety Element, Environmental Justice Element, Focused Zoning Elements, Environmental Impact Report, and Staff Recommendations. Though Commissioners were in favor of developments, specific concerns related to Open Space vs. Park Land, higher densities (40%) without additional park land, a density increase in already overcrowded areas, adequate infrastructure in future higher density areas, the potential need for a larger police force, the health risks from future development adjacent to industrial areas, CA Senate Bill 9, and the unequitable vision of the Update in regard to zoning, increased density, and development in disadvantaged areas. Staff noted that higher density in disadvantaged areas would not make the areas more disadvantaged as public improvements could be done in conjunction with

development. Staff then added that if the Housing Element was not approved, the City could incur fines, lose land use authority, especially with affordable projects, and possibly lose the ability to issue building permits.

Resolution Nos. 6031-21 (GPA) and 6032-21 (A) were approved. One letter, dated 10/21/21, was submitted by Mitchell M. Tsai, Attorney at Law, on behalf of the Southwest Regional Council of Carpenters (SWRCC) in regard to hiring locally and using skilled and trained workers.
