Members then can choose to add extra's to their order like extra keys, service manuals, sales tax and even request an uplift to be added to their quote. Lastly they will be given a complete turn key quote package to print which will include their customized Quote ID, Description and Specifications of what they buy.</p> <p>How Members and Uplifters can Partner with NAFG: Our dedicated website www.NAFGPartner.com was built to accommodate the member who would like a certain uplift to uplift their vehicles. It was also built for uplifters to have a place to go where they can find information on how to partner with NAFG to better serve their local members. Example of A Member with Uplift Quote: This is an example of how we use our Cab Chassis and combine them with an uplift to provide a turnkey solution for the member in a simple to follow format.</p> <p>ETA System for Members Walk Through: This is where members can easily come to our website, the same website they built their chassis on and track their order like they would a UPS package. We have a very simple display on our homepage "Track your order" where members can enter one of the following: Purchase Order Number, Quote ID, Uplift Quote ID or VIN to easily see in the process their particular order is in.</p> <p>Courtesy Confirmation Explained: After NAFG receives an order from a Member, we always like to send them a Courtesy Confirmation. This is where the member will double check some particulars on their order like, Color, Quantity, Uplift and Specification's are all correct before order placement. We also like to ask for little information at this point so we can help process the paperwork at delivery promptly.</p> <p>Factory Order Cut Off Notices: Here is where we like to highlight where members can access any upcoming factory order cut off dates. We walk them through the process step by step to ensure everyone knows the upcoming order cut off date, we even print this information (if known at the time) right on the cover page of their quotes.</p> <p>Validation Walk Through Example: To demonstrate a price validation, we show what a member would see when they build a truck on our site. At check out the member would see the Total Configured MSRP of \$5,730.00. Sourcewell Price of \$ 2,733.68. Total Saving of \$ 3,996.32 or 23.505% for a 2020 F-250 followed by the pricing page which shows the Minimum Discount of at least 18.50%. As you see we provided an additional 5% discount on top of the 18.50% contract discount. This would be the case in most instances.</p>

Vendor Name: 72 HOUR LLC

33	Identify any Sourcwell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have any regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	NAFAG will continue to service all Sourcwell Members through our 24 hour a day, 7 days a week online portal with the exclusion of Non-Profits. Unfortunately, Non-Profits are often not eligible for the same discount's government entities are qualified for. However, Non-Profits are subject to a different pricing program and will be evaluated on a case to case basis.
34	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	The only possible logistical constraints we may face is the shipping constraints for shipments arriving in Alaska, Hawaii and US Territories. For example, we often provide members in Alaska or Hawaii with vehicles that often have uplifts. To circumvent this potential issue, members allow us to add these extra shipping and port costs to their quotes.

Table 7: Marketing Plan

Line Item	Question	Response
35	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	<p>National Auto Fleet Group encompasses a variety of marketing strategies to promote our products and services through the entire purchasing process for government entities. Below are a few strategies used to serve as the gateway between our business and public agencies.</p> <p>Website and Inbound Marketing: The creation of a professional customer-focused website is one of our main features to market our products and services. The NAFAG website encourages our members to interact and browse through products offered along with pricing and information about National Auto Fleet Group. Inbound marketing is created when potential members are directed to the company website. With this method, we are able to not only connect with members but to put the purchasing ability into the hands of each member. Our inbound marketing strategy attracts members by creating valuable content and experiences tailored to the needs of each individual. Examples include email campaign flyers on our products, informative and how-to videos, social media and engaging members with top-notch customer service to build brand awareness.</p> <p>Email Marketing: One of the main strategies used to engage current and potential members is Email Marketing. Our email is different types of flyers that consist of information of the Sourcwell contract, promoting manufacturer brands, holiday themed flyers, discounts offered to first time buyers, important call to action reminders and upcoming products and events.</p> <p>The use of marketing campaigns plays a major role in enhancing the growth of our client database. Emails are a big part of our daily lives due to government agency employees utilizing emails as their main source of communication. We use email marketing to reach our target members. Videos and descriptive images are used on all flyers and are compatible with a desktop or mobile device. Messages are short and to the point with links leading to the Sourcwell and NAFAG homepage. The Campaigner email system allows the ability to track email activity based on open rates, unsubscribes and link clicks which is beneficial to understanding email effectiveness.</p> <p>Once potential members are directed to our website, they are welcomed with a wide range of options to explore an array of our products and services. They are able to register to become a member, view pricing, explore available in-stock vehicles, view how-to-videos, build a vehicle online to request an immediate quote or use our live chat assistant or callmen for live support.</p> <p>Face to Face Marketing Strategies: This strategy has proven to be successful in generating leads and creating lasting relationships by developing genuine connections with prospective members. National Auto Fleet Group attends several trade shows per year to engage members and put a face to the company. This in person meeting aids to build the brand by nurturing relationships between members and other vendors associated through the process. Trade shows attended include GFX, IAPPO, NIGR, ACT, CAVPO, and CASBO throughout the United States.</p> <p>NAFAG has many opportunities to make in person presentations to propose products, services offered and to answer any questions potential members may have. These PowerPoint Presentations include topics on NAFAG/Sourcwell process, how to facilitate the vehicle purchasing without bidding, informational videos, and the brands and services we provide. These meetings have been held at local cities, counties, school districts, water districts and ports.</p> <p>Relationship Marketing is a vital strategy used in building and maintaining long-term relationships practiced by National Auto Fleet Group on a daily basis.</p> <p>NAFAG strives to create a positive and supportive connection with members by providing personalized and responsive customer service practices. The sales team has worked tirelessly to focus on providing outstanding customer service while creating a powerful rapport with existing and new members going above and beyond, they have enhanced existing relationships and executed customer loyalty with repeat businesses. They strive to deviate from the "Car Salesperson" mentality which is 100% sales driven to a more product and customer service approach by instilling a sense of confidence in our clients. The goal is to provide repeat clients and address any needs and concerns even after the purchase has occurred. The strive to focus on solution selling vs. product selling develops into a mutually beneficial agreement for members and the business.</p> <p>Below are a few examples on successful relationship marketing from our Fleet Department:</p> <p>We had a member call in to request financing/lease options for a truck needed through our National Auto Fleet Group/Sourcwell website contact. I contacted another Sourcwell vendor, Matt Gashelhart from NCL Gov Capital and he was happy to assist with a financing quote. The member also requested to trade in a current vehicle in their fleet and was directed to Goodwells for assistance in removing the outdated unit through an auction. I was able to utilize three Sourcwell contracts to complete his transaction which simplified the entire process. The member was very satisfied with the amount of care and ease through his experience and became a repeat customer. By utilizing a cross-selling strategy, National Auto Fleet Group became his one stop shop to fulfill all fleet vehicle purchasing needs.</p> <p>I had a member call in desperate to obtain a new truck because an employee had gotten into a serious accident and had the truck totaled. Due to Covid restrictions, most manufacturers are currently experiencing microchip shortages which delays to production delays at the factory. We were able to direct buyer to our in-stock inventory on the NAFAG website and member was ecstatic to locate truck to meet their needs. Instead of having to wait 30 weeks to receive the new vehicle, member was able to obtain the new truck within 3 weeks.</p>

35	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	<p>"I once had a member contact us two years after purchasing a vehicle from us. They had a malfunction with the liftgate on the box truck which caused a logistical nightmare. I was able to contact one of our body vendors that updated the lift gate installation and a service technician was able to go onsite to resolve the liftgate issue at no additional cost. The member was very impressed with the quality of our customer service even after purchase."</p> <p>"I had a member request a 1/2 ton truck pricing but was unsure about their budget at the time. I took the time to go through each option with the client to provide a Sourcwell pricing quote through multiple manufacturers from Ram, Chevrolet and Ford. This empowered the member to have multiple pricing options for review to align with their budget as well as eliminating the need to shop anywhere else."</p> <p>"We work with many body companies to assist customers with the body uplifting process. One of our members called in a request to expedite a particular vehicle that was held up at one of their local body lifters. I contacted the body company representative and put in a request to expedite the uplifting per request of the member. The body company was able to comply with the request and delivery was made sooner than expected."</p> <p>Word-of-Mouth Marketing: The positive quality of service has led to more sales based on previous customers' impressions on their experience. NAFAG's goal is to provide exemplary customer service throughout the entire purchasing process to encourage repeat business and advocate services to other members. NAFAG has been fortunate to experience multiple instances of leads generated based solely on word-of-mouth marketing through our existing customers.</p> <p>Cross-promotion: National Auto Fleet Group is currently collaborating with another Sourcwell Vendor, NCL Government Capital to promote each other's products and services. NCL Government Capital specializes in providing competitive equipment financing programs for municipalities and public education entities across the United States. As a team, NCL and NAFAG produce a variety of marketing materials such as videos, flyers and info graphs to promote purchasing and leasing opportunities.</p> <p>Hoglund Bus Company is another cross-promotion vendor NAFAG had the opportunity to create a partnership with. Flyers were created to advertise Chassis from NAFAG along with a variety of bus bodies from Hoglund Bus Company.</p> <p>With cross-promotion, companies exchange knowledge and provide endorsements on websites, social media, and email campaigns. This strategy creates an influx of new leads, brand awareness, increased sales and recurrence of customers. National Auto Fleet Group will continue to create new partnerships and facilitate more cross-promotion opportunities in the near future to provide turnkey solutions for a variety of vehicle purchasing needs.</p> <p>Coming in 2022, National Auto Fleet Group will be launching a NAFAG Partner Website to further increase business growth. The website www.nafagpartner.com is expected to launch next year in 2022. The site encourages body uplifting companies throughout the United States to partner up with NAFAG to become a preferred member. The benefits of becoming a preferred member include endorsements on website and social media avenues along with word-of-mouth referral for clients with uplifting needs. Our dedicated public relations representative will conduct phone and in person meetings to discuss the advantages of partnering up with NAFAG, therefore generating more cross-promotion opportunities.</p> <p>Members from government agencies are encouraged to go on the site to search for local body uplifting companies they are interested in working with. As a prerequisite to becoming a preferred vendor, they are required to advertise NAFAG and the Sourcwell contract on their business website and refer their clients to purchase their cab/chassis needs through NAFAG. This establishes a partnership that will generate increased sales all around. We are still currently building the website and interacting with body companies across the United States that would be interested in partnering up with NAFAG.</p>

36	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	<p>Social media plays a crucial element in the way people communicate and connect with each other. LinkedIn is the go-to platform used by NAFAG as it offers a variety of ways to expand our network by locating and connecting with relevant professionals in the industry. National Auto Fleet Group has utilized LinkedIn to engage current and potential members through personalized messages and posts. Personalized messages include thanking them for registering on site as well as directing them to our link in the website, LinkedIn, YouTube, Facebook and Instagram company pages. The goal is to unite with people already on our database as well as people that would benefit from our products and services. Current flyers or messages about our company are also posted on the LinkedIn site to generate and attract more business. Time is also spent on reading posts from connections and observe any strategies that National Auto Fleet Group may assist with.</p> <p>National Auto Fleet Group has begun utilizing video marketing strategies to further promote and market products by engaging on social media channels and email flyers. Programs such as Vimeo, Video Scribe, Cartoon Animator, Adobe Animate, Illustrate, Captivate, Photoshop and Movavi Video Editor Plus are employed to edit and create videos to assist in endorsing our company. The following videos were recently created by our marketing department along with outside video production companies:</p> <p>Explainer Video: The first video created was a 90 second explainer video about National Auto Fleet Group that used animated characters to visualize our products and services along with information on the Sourcwell awarded contract. The video has been incorporated into all our weekly email flyers and social media platforms as an informative video on our products and how to purchase vehicles off Sourcwell Government Contract.</p> <p>How To Videos: National Auto Fleet Group has also created step-by-step How-To videos on the process to purchase both Light Duty and Heavy-Duty vehicles off the contract.</p> <p>ETA Tracking System: This video was created to not only introduce but to encourage clients to self-track their vehicle status.</p> <p>Holiday Themed Videos: These amusing videos were created to celebrate the holidays and add humor and lightness to our company and products sold.</p> <p>Cross Promotion Video: This video markets our relationship with NCL Government Capital and Sourcwell to endorse EV vehicles.</p> <p>Videos for social media: Mini videos were created to advertise new vehicles available, pricing and callout data reminders.</p> <p>NAFAG has recently introduced a newly built live chat feature on our website for customer convenience as well as improving customer service. Visitors have access to chat with a live sales representative 24 hours a day, 7 days a week. With this feature potential customers are provided with another avenue for assistance in addition to emailing and phone calls. The benefits of a live chat option include quicker response time to assist buyers in reaching a purchasing decision and answer their questions.</p> <p>Improving customer service will also lead to increased sales, customer loyalty and engagement. Many studies have shown a strong correlation between live chat and increase in conversion rates. Potential clients appreciate having their questions answered in real-time when trying to build a vehicle quote online and allowing the user to multi-task different projects.</p>
37	In your view, what is Sourcwell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcwell-awarded contract into your sales process?	<p>Sourcwell's mission states: "Our commitment to service and exceeding client expectations." This statement integrates their relationship and marketing strategy with conveying a message to go above and beyond for all our members. Sourcwell is a trusted brand that government entities can rely on to access a wide variety of products and services for their everyday needs. With over 40 years of partnerships and relationship building, they are the glue that connect government, education, and non-profit agencies to companies of all sizes to offer turnkey solutions to their needs.</p> <p>Sourcwell is also a reliable resource for vendors by not only connecting with potential prospects but by providing valuable marketing materials readily available for download on their website. Resources and tools provided include flyers, vendor training videos along with compliance information.</p> <p>The Sourcwell brand integrates a thorough documentation review of all vendors prior to awarding their cooperative contracts to ensure products and services are from reputable vendors. The brand provides a sense of legitimacy of our company name and members recognize that products and services are from reliable sources that will meet their needs.</p> <p>Sourcwell's aim is to simplify the purchasing and procurement process of government entities by eliminating the costly bidding procedure. The process of researching the right vendor is not only stressful and time-consuming but can be expensive as well. Sourcwell has completed the bidding for government entities which simplifies the overall purchasing process by providing access to competitively bid contracts procured by a government agency.</p> <p>Sourcwell has provided NAFAG with overwhelming opportunities to work with government agencies across the United States. The Sourcwell brand represents a high standard of integrity and ethics which is a dynamic National Auto Fleet Group is proud to be part of. Sourcwell members have access to a contract that is more flexible than the standard bidding process. Sourcwell is an organization that aids government entities to stay competitive without the frustrations and issues involved with the traditional bidding process. This contract can be customized to meet the unique needs of each client. The sales team has incorporated not only this standard of integrity in their sales practice ensuring clients' purchasing needs will always be met. The cost savings and stress-free nature of the cooperative contracts favors that of the traditional bidding process. It enables vendors to work with qualifying government entities in a more efficient manner. We vow to maintain these levels of standards across the board throughout all departments within the company.</p>

38	Are your products or services available through an e-procurement ordering process? Clients can search through many vehicles makes and models with the ability to customize a vehicle tailored to their specific needs of their agency. A personalized quote with pricing can be available in as little as 5 minutes depending on the complexity of the vehicle. This informative video demonstrates how to navigate the website in how to generate a vehicle quote with or without uplifting options. It begins by explaining how to register on our website as a member and then details on how to select vehicle model and type and the factory options needed.</p> <p>Once a customized quote is built, clients have the option to finalize the sales transaction by submitting a purchase order to our sales team via email. If assistance is needed, they can contact sales through email, live chat or phone.</p> <p>If assistance is required to build a quote, our sales rep is also available to walk a client through the e-procurement process step by step. This ensures someone is available to answer any questions if needed and empowering the client to make any future purchases on their own. Clients may also call or email the needs of the company and receive a customized vehicle quote.</p>
