TERMS AND CONDITIONS OF REQUEST FOR QUOTATION

RESPONSES: Your response is due on the specified close date and time, local San Diego time. The BuyNet system time is the official time for responses submitted through the BuyNet system. The time stamp at the front desk of Purchasing and Contracting is the official time for responses delivered or submitted in person.

If responding through BuyNet, enter pricing information on the site and provide all required forms, documents, and additional information with your response. Documents may be uploaded to the site or submitted by alternate means before the due date.

If this system is for any reason unavailable for the entry of electronic responses, it is your responsibility to submit your response through an alternate means before the close date and time.

This is a request for information, and quotations furnished are not offers.

PRICING: The County may award a contract on the basis of initial quotations. Your price(s) should be the lowest possible for the RFQ requirements. Omit Sales and Use Taxes unless otherwise specified.

The Estimated Quantities in the Pricing Schedule are provided solely for evaluation of quotations. They represent approximate anticipated use based on historical consumption. If the County's actual requirements do not result in orders in the quantities described as "estimated" in the Schedule, that fact shall not constitute the basis for price adjustment.

SAMPLES: Samples, at Offeror's expense, may be required for evaluation by the County. Delivery of sample must be scheduled with the Contracting Officer and provided within required timeline. The County shall have the right to review sample and to determine if such sample is acceptable. The County's decision to award is contingent upon its acceptance of the products provided in the sample. During the term of the award, the County must approve any substitutions from the initial sample in writing in advance of substitution. In no event shall the supplier be permitted to increase prices on the basis of substituted item(s).

Sample, if not destroyed by tests, will, upon request, be returned at Offeror's expense. Offeror must advise Contracting Officer at time of sending sample that they must be returned, provide return address and Federal Express account number.

BRAND NAME OR EQUAL: If items called for in this Request for Quotations have been identified in the schedule by a "brand name or equal" description, such identification is intended to be descriptive, but not restrictive, and is to indicate the quality and characteristics of products (including products of brand name manufacturers other than the one described by the brand name) to be considered for award if such products are determined by the County to meet fully the salient characteristic requirements listed in the request.

Unless the offeror clearly indicates in the quotation that an "or equal" product is being offered, quotation shall be considered as offering the brand name product specified.

If the offeror proposes to furnish an "equal" product, the brand name, if any, of the product to be furnished shall be inserted in the space provided in the request for quotation, or such product shall be clearly identified in the quotation. The evaluation of the quotation and the determination as to equality of the product offered shall be the responsibility of the County and will be based upon the information furnished by the offeror or identified in the quotation as well as other information reasonably available to the purchasing activity. Caution to offerors: the purchasing activity is not responsible for locating or securing any information which is not identified in the quotation and reasonably available to the purchasing activity. Accordingly, to insure that sufficient information is available, the offeror must furnish, as part of the quotation, all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the purchasing activity to (i) determine whether the product offered meets the salient characteristic requirements of the request for quotation, and (ii) establish exactly what the offeror proposes to furnish and what the County is binding itself to purchase by making an award. The information furnished may include specific references to information previously furnished or to information otherwise available to the purchasing activity.

If the offeror proposes to modify a product so as to make it conform to the requirements of the Request for Quotations, he shall (i) include in the quotation a clear description of such modifications and (ii) clearly mark any description to show the proposed modifications.

DUTY TO INQUIRE: Should the Offeror find discrepancies in or omissions from the RFQ, plans, specifications, or other documents, **or should the Offeror be in doubt as to their meaning, the Offeror must at once notify the Contracting Officer, in writing. If the point in question is not clearly and fully set forth, a written addendum will be issued and posted on the County's website "BUYNET."** It is the Offeror's responsibility to register for the corresponding commodity code and to periodically check the

Web site for such addenda. The County will not be responsible for any oral instructions nor for any written materials provided by any County personnel that are not also posted on the BuyNet website.

CONFIDENTIAL/PROPRIETARY INFORMATION: If confidential/proprietary is contained within the submission:

- 1) It must be submitted in a separate file or document marked as EXHIBIT–CONFIDENTIAL/PROPRIETARY
- 2) Responses to solicitation requirements that include the confidential/proprietary information, shall refer to the response contained within the EXHIBIT–CONFIDENTIAL/PROPRIETARY (for example: If submittal requirement #1 requires staff Social Security Numbers, the response to requirement #1 shall reflect “see response #1 contained within Exhibit-Confidential/Proprietary”); and
- 3) It must include a signed Indemnification Certification.

NOTE: As a Public Agency, the County of San Diego must adhere to the California Public Records Act, therefore pricing cannot be considered confidential/proprietary.

TERMS OF RESULTING CONTRACTS: Any purchase order issued as a result of an RFQ will contain the County's standard purchase order terms and conditions and any additional terms and conditions referenced in the RFQ.

AVAILABILITY OF FUNDING: The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding from which payment can be made. No legal liability on the part of the County shall arise for payment beyond June 30 of the calendar year unless funds are made available for such performance.

CALIFORNIA REVENUE AND TAXATION CODE SECTION 18662: In compliance with California Revenue and Taxation code section 18662, if Offeror is a non-resident of California (out-of-state invoices) that receives California source income and has not completed FTB Form 590, there may be a backup withholding on all payments. Fifteen (15) business days prior to the first payment, new suppliers or suppliers with expired forms or forms with incorrect information must submit new forms to the County (forms are available from the Franchise Tax Board website listed below).

Under certain circumstances, Offerors may be eligible for reduced or waived nonresident withholding. If Offeror has already received a waiver or a reduced withholding response from the State of California and the response is still valid, Offeror should submit the response to the County in lieu of the forms. Failure to submit the required forms will result in withholding of payments. Offerors should to the Franchise Tax Board websites (listed below) for tax forms and information on non-resident withholding, including waivers or reductions. The County will not give Offerors any tax advice. It is recommended that Offerors speak with their tax advisers and/or the State of California for guidance. Franchise Tax Board Websites:
