FOR IMMEDIATE RELEASE

**"VALUABLE EXPERIENCE WON'T BE WASTED"
SAYS CITY MANAGER OF FORMER FIRE CHIEF**

Under the experienced leadership of Interim Fire Chief Warren Hartley, a 30-year veteran and former Garden Grove fire chief, the Garden Grove Fire Department carries out the day-to-day operations needed to maintain the safety of the community and integrity of the department. Yet, key projects and developments, once led by the department's former fire chief David Barlag, who resigned two months ago, have necessitated the City's decision to retain the former chief's services in a different capacity.

"Valuable experience that comes from 28 years in the fire profession isn't something we want to waste," says City Manager Matt Fertal. He adds, "Dave (Barlag) applied that experience to projects that would affect the future of the department. We want to see those projects continue to move forward."

One important project is the Public Safety Master Plan that includes the construction of the new fire department headquarters on the former Black Angus site on Euclid Street. The Master Plan also involves the remodel of the current fire department headquarters as part of an expansion of the existing Police Administration building on Acacia Parkway.

2-2-2

Also under the Master Plan is the needed reconstruction of fire stations 6 and 7, on Chapman Avenue and Forsyth Lane, respectively. Originally built as single-family homes in the 1950's, the stations are unable to house all the modern fire equipment needed.

Following Barlag's resignation in September, the City agreed to the former chief's continued employment as the City's Public Safety Administrator. In this capacity, Barlag continues to oversee the progression of the Master Plan and other projects formerly under his guide, and serves as a resource to the City Manager on various public safety issues.

According to members of the Garden Grove City Council, despite Barlag's challenges with the Fire labor group, his experience and know-how has inherent value to the City.

Council member Dina Nguyen said considering Barlag's 28-year career with the city, the arrangement to retain the chief's services would allow the City to "resolve concerns raised by the Fire union while keeping his expertise."

Subject: Retreat Change--Master Plan Deleted from Agenda

Importance: High

Dave,

After meeting with Kevin and Todd this afternoon, it was determined that expansion of the Police HQ is not warranted at this time. Therefore, discussion regarding the Public Safety Facilities Master Plan has been removed from the retreat agenda and it is no longer necessary for you to attend the retreat. PD has identified building back staffing as a priority over the next couple of years and has recommended deferring facility expansion for 3 to 4 years. With this information, we will shift focus to construction of fire stations 6 and 7, upgrading the existing fire station facilities and implementation of the 800 MHz system. Matt and I will schedule a meeting to discuss these projects with you following the retreat.

I apologize for the short notice and change of plan. I'll keep you informed if anything changes.

Thanks,

Maria

Hi Laura,

Sorry to take so long to get back to you, but I was in your conference room going over GIS Coordinator prospects. We talked a little about the retreat before you arrived at the meeting this morning. I will hand out the details tomorrow, but I have made arrangements for everyone already. I do need to know if anyone wants to go the night before instead of driving up the day of. We start our meeting at 10:00 Monday, but we will have Breakfast there at 9:00. If you choose to stay Sunday night at the Hotel, the charge is \$129 for room (plus taxes) and \$32 for parking. The City is covering the charges for Monday night, but you are on your own for Sunday if you choose to stay.

Hi Charles ~~

Maybe I missed an email or something...

But I am in need of details regarding the retreat.

When does it start? Is there an agenda? Where do we meet - a conference room?

Are we set for a hotel room? Under what name? I can google "Omni Hotel" if I can recalling the name of the hotel correctly. Am I?

Sorry for all the questions...this is my first retreat and I don't know how these CM retreats work.

Thanks, Laura

Hi Dave,

How are you? I hope you are doing well. Remember before you left we were trying to figure out the fire station fees and who has paid and who has not? Did you ever create a file or spreadsheet for that? We are trying to follow up and so far we are not having much luck. Although Karl is out of the office today and he may know. Matt wanted me to report out on this on Monday at the retreat. If you do have any electronic files you could share I would appreciate that. I hope you have a nice Thanksgiving and say hi to Judy for me.

Hi Dave,

Happy Thanksgiving. Sorry to keep going back and forth on the Public Safety Master Plan item. Maria filled you in that Todd and Kevin didn't believe that it was urgent to proceed with the Police Administration Bldg expansion at this time , thereby making the need to move forward with the new Fire Headquarters somewhat less urgent. We then decided to minimize the discussion of the Master Plan at the Central Management Retreat.

It is still helpful to have the discussion regarding a new fire stations 6 and 7, along with upgrades to the other stations. So, after uninviting you to the retreat, I am now seeing if you still want to come down and we can discuss the feasibility of moving forward with at least station 6, and then maybe station 7.

Let Maria and Charles know also with an all reply. Sorry again for the back and forth.

Also, did I send you the notice that I am retiring effective December 31st. Its been quite a week.

Hope to see you Monday in San Diego if it still works for you.

Hi Dave,

Happy Thanksgiving. Sorry to keep going back and forth on the Public Safety Master Plan item. Maria filled you in that Todd and Kevin didn't believe that it was urgent to proceed with the Police Administration Bldg expansion at this time, thereby making the need to move forward with the new Fire Headquarters somewhat less urgent. We then decided to minimize the discussion of the Master Plan at the Central Management Retreat.

It is still helpful to have the discussion regarding a new fire

stations 6 and 7, along with upgrades to the other stations. So, after uninviting you to the retreat, I am now seeing if you still want to come down and we can discuss the feasibility of moving forward with at least station 6, and then maybe station 7.

Carlos,
How you doing?
At the Central Management retreat we were talking at what properties that the City owns along Harbor between Lampson and Twintree.
I have looked on LAND and it is not clear.
Can you provide me the addresses of the properties that we own.
Next question is where are we at in geeting 4 oh of those properties in a row?
Thanks for the help.

Hi Dave,

Here's the map of the properties the City and Successor Agency own. We identified on our Long Range Property Management Plan that the Successor Agency properties will be used for municipal purposes and the Department of Finance agreed. I am talking to the owner of 12381 and also 12361 Harbor. We picked up 12371 Harbor a little over a year ago now. As far as the site goes, we've been more successful going north. Let me know if you have questions. Thanks.

Corey – can you send to the membership?

All,

At our November OCC&SA Meeting Robert Stoffel with Orange County Communications, proposed that we consider purchasing "hot red" mobile radios for our individual fleets in FY 15-16. This was prompted by a generous offer from Motorola where they will discount the pricing by 50%. Each of you should have received a spread sheet reflecting your agency's adjusted and reduced cost.

Thus far Robert has only heard from a few cities. Unless he is able to obtain commitments for a minimum number of these radios, the offer will not be available.

Although Robert did not ask for notification until June 2015, if it is likely that you will have approval, please let Robert know before the end of January. That will help us determine how close we are to obtaining the minimum quantity of 800 "hot red" radios at the 50% off list price promotion.

OCC&SA Communications Committee

Corey – can you send to the membership?

All,

At our November OCC&SA Meeting Robert Stoffel with Orange County Communications, proposed that we consider purchasing "hot red" mobile radios for our individual fleets in FY 15-16. This was prompted by a generous offer from Motorola where they will discount the pricing by 50%. Each of you should have received a spread sheet reflecting your agency's adjusted and reduced cost.

Thus far Robert has only heard from a few cities. Unless he is able to obtain commitments for a minimum number of these radios, the offer will not be available.

Although Robert did not ask for notification until June 2015, if it is likely that you will have approval, please let Robert know before the end of January. That will help us determine how close we are to obtaining the minimum quantity of 800 "hot red" radios at the 50% off list price promotion.

Corey – can you send to the membership?

All,

At our November OCC&SA Meeting Robert Stoffel with Orange County Communications, proposed that we consider purchasing "hot red" mobile radios for our individual fleets in FY 15-16. This was prompted by a generous offer from Motorola where they will discount the pricing by 50%. Each of you should have received a spread sheet reflecting your agency's adjusted and reduced cost.

Thus far Robert has only heard from a few cities. Unless he is able to obtain commitments for a minimum number of these radios, the offer will not be available.

Although Robert did not ask for notification until June 2015, if it is likely that you will have approval, please let Robert know before the end of January. That will help us determine how close we are to obtaining the minimum quantity of 800 "hot red" radios at the 50% off list price promotion.

City Family:

At their December 9th meeting, the City Council gave direction regarding both the interim and permanent replacement for my position. The City Council will conduct a two-step process; the first step will be the immediate search for an interim City Manager.

A press release calling for interested candidates to apply for the position will go out immediately, with an expedited application deadline of next Monday, December 15 at 5 pm. The City Council will review all applications on Tuesday, December 16 and will conduct interviews Tuesday evening, December 17 through the 18 if needed. A date regarding the naming of the interim City Manager has not been set, but could be as early as Tuesday, December 23. One interesting note from the City Council's direction, was that whomever is chosen to be the "interim" City Manager will be temporary, and will not be considered for the permanent City Manager position.

The second step in the selection process will be a nationwide search for the City Manager position. That search will begin after the New Year and should

be completed within 3-6 months. We will keep you informed of the process as it continues.

It's been a pleasure serving as your City Manager for the past 10 years. This City Council and your Central Management team are committed to the success of this organization, and I am positive that Garden Grove will continue to be successful as it grows into a diverse and thriving community.

 Bill Funderburk, La Brea-Hancock

Thank you to CD4 Field Deputy Ben Seinfeld and Councilmember Tom La Bonge for working with 600 block of Sycamore Block captain Brad Jewett (and LBHHA board member and Vice President) and 600 Orange Drive Block captain Julio Santiago on expediting installation of the partial closures. They put significant effort into gathering the the required 2/3 of block resident signatures and design is underway. Installation may be as soon as Q1 2015. Russ Sherman, who was heavily involved with LBHHA's board and served as Vice President, lives in the 600 block of S. Citrus. Before the partial closures were installed, Russ reports that block had over 2,000 cars daily cutting through between Wilshire and 6th Streets. That number has been reduced to 700 or lower.

Design comments on either of these partial closures should be directed to Brad/Julio or to LBHHA President Barbara Savage.

Thank you again to Brad/Julio and LBHHA for their leadership on this.

Respectfully,

William Funderburk

Subject: EVALUATION COMMITTEE – REQUEST FOR MEMBERS
Emergency Ambulance Transport Request for Proposal (RFP)

Orange County Emergency Medical Services (OCEMS) is seeking members of the community to participate on an evaluation committee pool for the upcoming 9-1-1 Emergency Ambulance Request for Proposal (RFP). Individuals with direct medical and emergency transport job knowledge and expertise are highly encouraged to volunteer as well as community representatives from other EMS systems; Hospitals; First Responders; EMS Educators; and Emergency Managers.

Candidates will be considered based on qualifications, expertise and must attest that they have no financial or other conflicts of interest with the process (see the enclosed Conflict of Interest Form). Final members will be notified of their placement onto individual evaluation panels. The time commitment is variable and it is anticipated that the evaluation will occur mid to late January 2015. If needed, evaluators traveling from outside of the local area will be provided with or reimbursed for lodging and meals. However, evaluators cannot be provided compensation for their participation.

If you or one of your colleagues is interested in participating in this process, please complete the attached form and submit with a copy of your Curriculum Vitae to Rev Montoya via email at RMontoya@ochca.com by January 2, 2015. Once received, an acknowledgement via email will be sent to confirm receipt.

Dear Central Management,

Thank you for your generous gift. I know Friday I had told Terri we were going to live it up in Hawaii with spa visits and shopping. Then I remembered that I need new golf clubs. That is the reason I golf so poorly. So I will put the gift cards to good use with a new set of clubs. Terri will still expect me to let her live it up in Hawaii. She doesn't care where the money comes from.

Most of all, I can't thank all of you enough for the strong support you have shown over the many many years. Even before I was appointed City Manager. Most of our relationships extend years before. My 25 years with Garden Grove have been wonderful. You all made that possible. As I have said a few times, keep doing what you do well and continue to support each other.

You have a good thing going and the goal is to keep striving to make it better. Treat each other, and the employees, with care and respect and everything else will fall into place. I will truly miss all of you and the City of Garden Grove. God Bless you and Merry Christmas to you and your families.

Matt and Terri

CITY OF GARDEN GROVE
PUBLIC SAFETY ADMINISTRATIVE OFFICER

CLASS CODE: 570 RANGE: C255

DEFINITION:

Under administrative direction of the City Manager, will be responsible for public safety programs as assigned by the City Manager.

EXAMPLES OF DUTIES:

- Strategic planning and implementation for public safety programs;
- Provide expert consultation on a wide variety of public safety issues;
- Provide oversight of public safety facilities;
- Formulates an annual budget estimate and controls budget expenditures;
- Recommends purchase of equipment and supplies;
- Meets the public and deals with various officials and citizens in furthering the public relations of the City;
- Performs related duties as required.

MINIMUM QUALIFICATIONS:

Experience:

Seven years of increasingly responsible, full-time supervisory experience in a Fire department at the rank of Battalion Chief or higher, including one year at the rank of Fire Chief.

Education:

A master's degree with major work in Fire Science, Public Administration, Emergency Services Administration, Business Administration or related field.

Knowledge of:

Modern principles, practices and techniques of Public Safety administration, organization and operation, and their applicability to specific situations; advanced methods and techniques of firefighting, fire apparatus and equipment, training, first aid, and fire inspection and prevention; customer service techniques and principles.

Ability to:

Analyze public safety problems and plan policies and procedures; plan, assign, coordinate and direct the work of public safety programs; command the respect of subordinates and the community; conduct comprehensive administrative studies; prepare in-depth reports on operations; supervise the compilation of data and the preparation of annual budget estimates; establish and maintain effective relations with City officials, and the public; commit to providing quality customer service.

Other Requirements:

Must possess and maintain a valid California driver's license.

PHYSICAL DEMANDS:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Incumbents in this classification walk, sit, climb stairs, stoop/bend/lean, turn/twist, crouch/kneel/squat, reach above and below shoulder level, hear normal voice conversation, and use a telephone.

WORK ENVIRONMENT:

The work environment described here is representative of those an employee encounters while performing the essential functions of this job. Incumbents in this classification work inside, outside, around moving vehicles, on ladders/scaffolding, in direct contact with public.

JOB FAMILY:

Firefighter, Fire Engineer, Fire Captain, Fire Battalion Chief, Fire Division Chief, Fire Chief, Public Safety Administrative Officer.

1. Summary report on activities for the past 30 days (e.g. 800 MHz, new Fire Headquarters, etc.) based on prior City Manager direction. Please address identified steps requiring attention over the next few months in these areas.

2. Potential projects for discussion with City Manager

A. Disaster Plan implementation

While the Plan is in the process of being updated, disasters don't wait until you're ready for them! I am interested in seeing what can be done to expedite both the Plan update and most importantly, identification of roles/responsibilities for non-safety departments and required training. Public safety roles are not as materially changed during a disaster situation as are non-safety – Police & Fire continue to do that which they regularly train for and carry out. That is not the case for non-safety departments so I would like to see us get them up to speed over the next few months to a level we can carry out an exercise.

B. GGHS Access Safety

We've heard from the PTA and others regarding student safety on Stanford Ave in front of Garden Grove High School. The High School has been contacted and parents spoke to the City Council at their last meeting. The PD has prepared a 5 year incident history for the location which does not suggest a serious problem but clearly there are differing opinions on the subject. I would like you to coordinate & facilitate meetings with the stakeholders (PTA, High School, PD, Public Works, etc.) to address the concerns and identify follow up measures, as appropriate.

C. Station #6 Replacement

Given the condition of Station #6, it has been moved up as a priority project for FY 2015-16. Kingsley is looking at financing options and Fire, Public Works, Community Services and City Manager have identified an alternative site to a location on Harbor Blvd. Warren has contacted OCFA for use of some standard station designs/plans that could be fit to the alternative site. We I'd like to have you do is work with Warren on obtaining appropriate OCFA Plans, coordinate with all appropriate departments in identifying the required process to pursue for the alternative site (including but not limited to CEQA, public participation in considering the alternative site, required site engineering etc.) so that if this project is approved in the FY 2015-16 budget, we're ready to proceed. Special

~~attention must be paid to relocation of existing park play equipment and working with potentially impacted area residents.~~

D. Monitoring/reporting on County Ambulance Franchising

The County of Orange is moving forward (or perhaps sideways or even backwards) on designating ambulance companies for various OCFA participant cities. Authority for the transfer of this authority from OCFA to the County of Orange came from the State. The County is undergoing a second review of proposals due to concerns over inconsistencies with initial proposals. What has not been quite as public during this process is the intent of the County to do the same for those cities that have their own Fire Departments – possibly later this year. It's important that we keep on top of what the County is doing and how possible transfer of this contract may affect Garden Grove.

E. Review of Public Safety PSAs

While I have not seen much of the material produced by Channel 3, I do know from past experience that cable PSAs are a very effective means of reaching the public – especially as we move more towards You Tube and other Social Media outlets. What I don't know is whether the City has worked to produce much in the way of any Safety PSAs for the public? This is something I'd like explored to see if we can maximize our exposure while making the most of social media to reach the public.

Thy,

I'll do my best to answer your questions.

- 1) Dave Barlag will advise and report to the City Manager regarding a variety Public Safety matters. The most immediate need includes the presentation of several issues related to the desire to construct a new Fire Department Headquarters building on the former Black Angus site. Dave was previously involved in developing the building's final design, preparation of the construction drawings and construction cost estimates necessary to proceed with the building of the new headquarters facility. Dave will serve as the City's Project Manager on this project.
- 2) Dave's time serving as Project Manager will be funded through project development costs.
- 3) At this time, Dave is not expected to directly supervise employees. As part of his role as Project Manager for this project, Dave may have to coordinate with other City employees from the Planning, Building and Engineering departments.
- 4) Construction of the Fire Headquarters requires the City to contract with a private construction firm. Dave will serve as the Project Manager to coordinate efforts between the contractor and the City.
- 5) Mr. Barlag did retain an attorney and did threatened a lawsuit against the City. Litigation can be very expensive for the City and highly unpredictable. The Settlement Agreement was determined to be the most cost effective resolution of this matter.

I hope this information is helpful.

Matt

Subject: Questions - Barlag

Hi Matt,

I'm doing a story with a 7pm deadline and had a few questions. Please let me know if you plan to respond.

-What are Dave Barlag's job responsibilities? Mayor Broadwater said he would be building and managing 2 fire stations.

-Where in the budget is this money coming from?

-Will Mr. Barlag be managing any employees? Who reports to him and is he a full-time employee?

-How might the construction of a fire station normally be done - in house, contracted out?

-Why wasn't Mr. Barlag offered a buyout rather than being retained?

-Did Mr. Barlag threaten the city with a lawsuit?

-I was told the city weighed the option of litigation by Mr. Barlag vs. retaining him -- why would the cost of potential litigation be higher than the \$200,000 or more in salary and benefits he will be making otherwise?

Thanks for your time.

Best,

Dave Barlag Assignments

Hey guys,

I met with Dave Barlag this week to go over some areas of responsibility as Public Safety Administrator . Since Dave was previously involved in the Ambulance RFP process, I asked Dave to continue leading that effort. Dave will contact Omar at Spradling and check on status.

Also, I want to move the Public Safety Master Plan forward. That includes the construction of a new Fire Department Headquarters on the former Black Angus site and then the remodel and expansion of the Police Administration Building. Again, since Dave was previously the lead on this project, I asked Dave to serve as Project Manager for the City on this project. I plan to list the Public Safety Master Plan on the upcoming Central Management retreat. I expect we will have a robust discussion.

Any questions or thoughts, give me a call.

Central Management Retreat

Hi Dave,

Happy Thanksgiving. Sorry to keep going back and forth on the Public Safety Master Plan item. Maria filled you in that Todd and Kevin didn't believe that it was urgent to proceed with the Police Administration Bldg expansion at this time, thereby making the need to move forward with the new Fire Headquarters somewhat less urgent. We then decided to minimize the discussion of the Master Plan at the Central Management Retreat.

It is still helpful to have the discussion regarding a new fire stations 6 and 7, along with upgrades to the other stations. So, after uninviting you to the retreat, I am now seeing if you still want to come down and we can discuss the feasibility of moving forward with at least station 6, and then maybe station 7.

Let Maria and Charles know also with an all reply. Sorry again for the back and forth.

Also, did I send you the notice that I am retiring effective December 31st. Its been quite a week.

Hope to see you Monday in San Diego if it still works for you.

"VALUABLE EXPERIENCE WON'T BE WASTED" SAYS CITY MANAGER OF FORMER FIRE CHIEF

Under the experienced leadership of Interim Fire Chief Warren Hartley, a 30-year veteran and former Garden Grove fire chief, the Garden Grove Fire Department carries out the day-to-day operations needed to maintain the safety of the community and integrity of the department. Yet, key projects and developments, once led by the department's former fire chief David Barlag, who resigned two months ago, have necessitated the City's decision to retain the former chief's services in a different capacity.

"Valuable experience that comes from 28 years in the fire profession isn't something we want to waste," says City Manager Matt Fertal. He adds, "Dave (Barlag) applied that experience to projects that would affect the future of the department. We want to see those projects continue to move forward."

One important project is the Public Safety Master Plan that includes the construction of the new fire department headquarters on the former Black Angus site on Euclid Street. The Master Plan also involves the remodel of the current fire department headquarters as part of an expansion of the existing Police Administration building on Acacia Parkway.

Also under the Master Plan is the needed reconstruction of fire stations 6 and 7, on Chapman Avenue and Forsyth Lane, respectively. Originally built as single-family homes in the 1950's, the stations are unable to house all the modern fire equipment needed.

Following Barlag's resignation in September, the City agreed to the former chief's continued employment as the City's Public Safety Administrator. In this capacity, Barlag continues to oversee the progression of the Master Plan and other projects formerly under his guide, and serves as a resource to the City Manager on various public safety issues.

According to members of the Garden Grove City Council, despite Barlag's challenges with the Fire labor group, his experience and know-how has inherent value to the City.

Council member Dina Nguyen said considering Barlag's 28-year career with the city, the arrangement to retain the chief's services would allow the City to "resolve concerns raised by the Fire union while keeping his expertise."
