City of Garden Grove

INTER-DEPARTMENT MEMORANDUM

To: Scott C. Stiles From: William E. Murray
Dept.: City Manager Dept.: Public Works
Subject: Approval to exonerate improvement bonds for Tract Map No. 17818 for property located at 12381 Nelson Street, Garden Grove.
(Action Item) Date: 8/22/2017

OBJECTIVE

To request City Council approval to exonerate the improvement bonds for Tract Map No. 17818 for the purpose of a subdivision for property located west of Nelson Street between Lampson Avenue and Holly Drive at 12381 Nelson Street, Garden Grove.

BACKGROUND

The City Council approved Final Tract Map No. 17818 and Subdivision Agreement with Heritage Homes Management, LLC, at the meeting held on December 8, 2015. The property is a 0.903-acre site with common areas for landscaping and recreation purposes, private streets, drainage and utilities, and the construction of four (4) units of single-family residential development designed on individual lots.

DISCUSSION

The Subdivision Improvement Agreement requires the posting of improvement bonds to ensure completion of the improvement of street, sewer, water, drainage, and other related onsite improvements for the subject development. With the work completed, the following improvement bonds are ready for exoneration:

Public Improvement	Amount
Faithful Performance	\$271,112.00
Labor and Material	\$135,556.00
Monument	\$2,340.00

FINANCIAL IMPACT

There is no financial impact to the General Fund.

RECOMMENDATION

It is recommended that the City Council:

- Approve the exoneration of the improvement bonds listed above for Tract Map No. 17818 located at 12381 Nelson, west of Nelson Street between Lampson Avenue and Holly Drive, Garden Grove.

transitional housing program and grant funding to be administered by the California Department of Finance for transitional housing and community-based services for individuals in the community who may benefit from the program's services as part of the 2016-2017 State Budget. This program allows cities to request a grant of up to \$2 million to fund: 1) a third-party service provider to operate a transitional housing facility, 2) law enforcement services in the vicinity of the facility, and 3) community outreach efforts within one-quarter mile of the facility.

DISCUSSION

Upon receiving the default notice from HUD, a team of local agencies (The Department of Veteran's Affairs (VA), HUD, the County of Orange, the City of Garden Grove (CITY), Volunteers of America of Los Angeles (VOALA), and Affordable Housing Clearinghouse (AHC)) formed a task force to ensure the current residents were receiving the highest level of care available to them.

The Department of Veteran's Affairs (VA), HUD, and the County of Orange collaborated to reevaluate the housing and medical needs of the residents. Their evaluation determined twenty-one (21) of the twenty-two (22) residents are eligible for assistance, and that a portion of the residents require a higher level of care than they are currently receiving.

AHC (in partnership with HEAL Collective) is in negotiations with the current owner to purchase the property. Both organizations have issued letters in support of the project (attached). HUD has issued a Letter of Support (attached) approving the sale and transfer of the affordability loan upon acquisition of the property.

VOALA, as the third-party service provider, will take over facility operations upon AHC's acquisition of the property. VOALA estimates being able to bring the facility into compliance with regards to the CUP within six (6) months of taking over as operator.

Adoption of the attached Resolution is required to submit a Grant application that confirms a CUP was approved for the operation of a community residential care facility. Staff will present for consideration at a future City Council meeting, a Service Agreement between the City and VOALA to administer services to facility residents over a period of ten (10) years.

FINANCIAL IMPACT

If the City is successful and awarded the Grant, the City will receive an amount of \$2 million, of which \$990,000 will be used to purchase equipment for the Police Department, \$10,000 will be used for community outreach, and \$1 million will be used to fund the service provider (VOALA) over a period of ten (10) years.

RECOMMENDATION

It is recommended that the City Council:

- Adopt the attached Resolution confirming CUP-146-93; and
- Authorize the City Manager or his designee to submit an application for the Department of Finance Transitional Housing Grant.

BACKGROUND:

The proposed location for the community residential care facility at 12781 Josephine Street is a former well site of the now defunct Dalewood Mutual Water Company. The wells were abandoned in November of 1992 through Orange County Health Department regulations. Presently, the property is vacant.

DISCUSSION:

The applicant proposes to construct a 4,170 square foot, one-story, community residential care facility consisting of 14 beds in 12 rooms. To do so, the applicant requests Tentative Parcel Map approval to consolidate two separate parcels into one in the R-3 (Multiple Family Residential) zone. A Development Agreement is also proposed.

Site Plan:

Designed in an "L" shape manner, the care facility is accessed from the east via a single driveway from Josephine Street. Four standard parking stalls, two compact spaces, and one handicap parking space are provided for the staff, residents and guests of the facility. The traditional wood-framed stucco structure rises 14 feet 8 inches from the ground and would be architecturally compatible with the residential surroundings. The site as well as all the

required setback areas are adequately landscaped.

The community residential care facility contains 12 bedrooms and six and one-half baths. It is designed to house 14 residents and provides handicap restroom accommodations for all of the residents. The applicant has indicated that a manager will be on the premises at all times facilitating the operation as well as one part-time and two full-time individuals caring for the residents. This will be done in three shifts of eight hours each. Four employees will be on the premises at all times. A combination office and reception area, kitchen, dining room, laundry area, and outside common patio area for the enjoyment of the residents are also included in the facility's design. Each room contains a closet and each resident shares bathroom facilities with their neighbor. The double loaded corridor allows each resident access to the interior of the facility while separate doors located in each resident's room allows access to the exterior courtyards.

Title 9 of the Garden Grove Municipal Code permits Community Residential Care Facilities for seven persons or more in the R-3 (Multiple Family Residential), O-P (Office Professional) and C-1 (Neighborhood Commercial) zones subject to the application and approval of a Conditional Use Permit (CUP). The City defines such a facility to be: "...any family home or group care facility licensed by the state under Health and Safety Code Section 1500 et seq., for the 24-hour non-medical care of persons who require personal services, supervision, or assistance essential for sustaining daily living activities" (GGMC Section 9.04.060.C). Thus, the applicant requests approval of a Conditional Use Permit in order to establish the community residential care facility pursuant to Garden Grove practices.

Conditional Use Permit:

The intent of a Conditional Use Permit (CUP) is to allow a land use in designated areas under specific conditions which are designed to protect the health, safety and welfare of the public. Each application for a Conditional Use Permit is reviewed individually to insure that the use will not harm the neighborhood nor the character of the surrounding community.

ISSUES:

The required development standards of the project are at issue; in particular, the design of the facility's circulation system and parking area. The applicant requests variances to minimize the required setback distances between the facility and the parking area and the distance between the facility and the drive aisle.

The Garden Grove Municipal Code requires Community Residential Care Facilities to provide 0.5 parking spaces per bed on the facility's grounds for the staff, residents and guests of the facility. The 14 bed facility proposed by the applicant satisfies this requirement by providing a total of seven parking

spaces, one of which is for the utilization of handicap individuals. The applicant has also indicated that the facility is one in which the residents will not be operating vehicles and the facility will therefore provide transportation in the form of a shuttle bus or van service to meet their residents' needs. Thus, the unique characteristics inherent to such facilities as the residents' age and driving capabilities have been taken into account in the design of the facility's parking area. This was done by locating the parking stalls 30 feet away from the facility's main entrance along the southern perimeter of the lot. This minimizes any potential hazards to the health and safety of the individuals residing in the complex by creating an open buffer area between the residents rooms and the parking area. The exterior doors of the individual rooms will be closed at all times and designated as emergency exits to further insure the safety of the residents. Access is gained safely from the parking area to the facility by a five foot wide sidewalk along the east exterior of the building. The residents will not be utilizing the areas between the facility and parking area nor that area between the facility and driveway. An open common patio is provided for the residents enjoyment outside the facility's dining room which is landscaped and protected from traffic by a wall. As a condition of approval for the community residential care facility, two additional trees will be required to be planted in the patio area to provide shade. Thus, neither the proposed distance between the facility and parking area nor the proposed distance between the facility and driveway compromise the health and safety of the individuals utilizing the facility.

VARIANCES:

The applicant proposes a variance to deviate from the required setback distance of fifteen feet between the facility and the parking area as well as a variance to deviate from the required ten foot minimum setback distance between the facility and the driveway (GGMC 9.16.070). The applicant proposes a distance of three feet and five feet respectively.

Permission to depart from the literal requirements of a zoning ordinance defines a variance. For a variance to be granted, certain conditions must be satisfied and findings must be made demonstrating that a hardship would exist if the variance were not granted and that approving the variance would not constitute a special privilege.

The following discussion lists the four required findings for variance approval and the responses to each by the applicant followed by that of City Staff.

1. That there are exceptional circumstances or conditions applicable to the property involved or to the intended development of the property that do not apply generally to other property in the same zone or neighborhood.

Applicant's Response:

"...parking and accessway circulation is still in its utmost effectiveness. Thus, granting this variance will really alleviate the hardship of this

project to comply with building to parking distance and the distance of building to accessway requirements."

Staff's Response:

The applicant proposes to deviate from the required 15 foot minimum setback distances between the facility and parking area by 12 feet, as well as to deviate from the 10 foot setback distance between the facility and driveway by 5 feet. Minimizing the setback distances are sought in order to design a vehicular system which takes into account the unique requirements of the facility's guests while insuring their health and safety. Locating the parking stalls 30 feet away from the facility's entrance protects the residents from the vehicles entering and exiting the facility while allowing the safe and easy access from the parking stalls to the facility. The residents will not be utilizing the areas between the facility and parking area nor that between the facility and driveway as a common patio area is provided for the residents outside the facility's dining room which is landscaped and protected from traffic by a wall. Thus, neither the proposed distance between the facility and parking area nor the proposed distance between the facility and driveway compromises the health and safety of the residents.

2. That such variance is necessary for the preservation and enjoyment of a substantial property right possessed by other property in the same vicinity and zone but which is denied to the subject property.

Applicant's Response:

"No other property in the area has a similar condition. Granting this variance is of utmost importance for the full functioning of the proposed project."

Staff's Response:

The applicant correctly points out that no other property in the vicinity has the similar condition of housing elderly individuals. These individuals will not be operating motor vehicles but will be driven by the facility's employees as needed. The variances are indeed important to the full functioning of the project for without such the facility will not be developed in a logical and orderly manner. Granting the variances will produce the most functional use of the property while ensuring the health and safety of the individuals residing there.

3. That the granting of a variance will not be materially detrimental to the public welfare or injurious to the property or improvements in such zone or neighborhood in which the property is located.

Applicant's Response:

"With the present condition and granting of this variance will not in any way be of disadvantage or injurious to the other property in the vicinity. Eventhough the said distances are not met, landscaping and parking with accessway circulation can still be as effective as tho' the said distances are met."

Staff's Response:

The applicant contends that granting the two variances will not be materially detrimental to the public welfare or injurious to the property or improvements in the surrounding neighborhood. The circulation system, is designed in such a way as to protect the residents, guests, and staff as well as the surrounding neighborhood. The circulation system adequately accommodates the traffic generated by this project on its grounds so Josephine Street and the surrounding neighborhood will not be impacted by the design of the drive aisle and parking area.

4. That granting of such variance will not adversely affect the City's General Plan.

Applicant's Response:

"Granting this variance will not in any way affect the City's general plan, because there is no element in the city's general plan that is adversely affected. The shortening of the distances that is being asked on this variance does not even affect the internal function of the proposed project, and parking and accessway circulation is still in its utmost affectivity."

Staff's Response:

The granting of the variances will not adversely affect the City's General Plan. Among the stated General Plan's goals and objectives for multiple family residential developments is the encouragement of well designed residential facilities through the application of site development standards. These standards provide for such improvements as sufficient off-street parking, setback requirements and other appropriate site improvements. The standards are intended to maintain a safe, pleasing and attractive living environment not only for the residents of the facility but also for the residents of the surrounding neighborhood. The community residential care facility provides a necessary service to the elderly community of Garden Grove and is in such a location as to not adversely affect the City's General Plan. In this case, the deviations from the development standards are minimal and are consistent with the spirit and intent of the General Plan.

Staff has worked extensively with the applicant to utilize the land as best as possible in this project in order to minimize the deviations from the City's development standards. Staff, therefore, is satisfied with the design of the facility in that it provides a safe, pleasing and attractive

living environment for the residents of the facility and the surrounding neighbors.

Parcel Map:

The applicant has included a Tentative Parcel Map in this application. The purposes of this Map is to consolidate two lots into one parcel. The Parcel Map and development, as proposed, are consistent with the City's adopted General Plan. The site is physically suitable for the proposed type and density of the project and all requirements of the California Environmental Quality Act have been complied with.

DEVELOPMENT AGREEMENT:

The City proposes to enter into a development agreement with the applicant/owner. The applicant/owner will be guaranteed that they will be able to construct the project within four (4) years and the City will receive a development impact payment not to exceed one percent (1%) of the project valuation which will be \$2,670.00. The project's valuation is approximately \$267,000.00.

RECOMMENDATION:

Staff has reviewed the applicant's proposal for a community care facility in relation to the goals and objectives of the Garden Grove Municipal Code and all other applicable ordinances and finds the proposal is in compliance. Staff therefore recommends approval of SP-128-93, V-135-93, CUP-146-93 and PM-93-162 and the Development Agreement.

RESOLUTION NO. 4369

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF GARDEN GROVE, APPROVING SITE PLAN NO. SP-128-93, CONDITIONAL USE PERMIT NO. CUP-146-93, VARIANCE NO. V-135-93 AND TENTATIVE PARCEL MAP PM-93-162 AND RECOMMENDING APPROVAL OF A DEVELOPMENT AGREEMENT FOR A PARCEL OF LAND LOCATED ON THE SOUTH SIDE OF STANFORD AVENUE, WEST OF JOSEPHINE STREET AT 12781 JOSEPHINE STREET, PARCEL NOS. 133-461-11,02.

BE IT RESOLVED that the Planning Commission of the City of Garden Grove, in regular session assembled on September 9, 1993 does hereby approve Site Plan No. SP-128-93 Conditional Use Permit No. CUP-146-93, Variance No. V-135-93 and Tentative Parcel Map PM-93-162.

BE IT FURTHER RESOLVED in the matter of Site Plan No. SP-128-93 Conditional Use Permit No. CUP-146-93, Variance No. V-135-93 and Tentative Parcel Map No. PM-93-162 the Planning Commission of the City of Garden Grove does report as follows:

1. The subject case was initiated by Fred Ringor.
2. The applicant requests Site Plan and Conditional Use Permit approval to construct a 4,219 square foot, one-story, 14 bed community residential care facility with variances from development standards pertaining to location of the parking stalls and driveways, and tentative Parcel Map approval for lot consolidation in the R-3 (Multiple Family Residential) zone. A Development Agreement is also requested.
3. The proposed project will not have a significant adverse effect on the environment, therefore the City of Garden Grove has prepared a Negative Declaration of Environmental Impact pursuant to the California Environmental Quality Act. Further, the Planning Commission finds a de minimis impact in relation to fish and game.
4. The subject property has a General Plan Land Use designation of Multiple Family Residential and is zoned R-3 (Multiple Family Residential).
5. Existing land use, zoning, and General Plan designation of property in the vicinity of the subject property have been reviewed.
6. Report submitted by City staff was reviewed.
7. Pursuant to legal notice, public hearing was held on September 9, 1993 and all interested persons were given an opportunity to be heard.
8. The Planning Commission gave due an careful consideration to the matter during its meeting of September 9, 1993; and

BE IT FURTHER RESOLVED, FOUND AND DETERMINED that the facts and reasons supporting the conclusion of the Planning Commission, approving the Site Plan, Conditional Use Permit, Variance, and Tentative Parcel Map as required under Municipal Code section 9.24.030, are as follows:

Resolution No. 4369

Page 2

FACTS:

The site is approximately 11,429 square feet in area.

The site is zoned R-3 (Multiple Family Residential).

Community Residential Care facilities are permitted in the R-3 (Multiple Family Residential) zone with the approval of a Conditional Use Permit.

The project meets or exceeds the Municipal Code requirements.

Government Code Section 65864 provides the authority for the City to enter into a Development Agreement.

FINDINGS AND REASONS:SITE PLAN:

1. The site plan complies with the spirit and intent of the provisions, conditions and requirements of Title 9 and other applicable ordinances.

The site plan meets all of the development standards as they pertain to setbacks, number of parking stalls provided, open space and landscaping except as noted in the Variance request.

2. The development will not adversely affect essential on-site facilities such as off-street parking, traffic circulation and points of vehicular and pedestrian access.

The site provides on-site parking spaces for tenants and guests as required by the Municipal Code.

3. The development will not adversely effect essential public facilities such as streets, alleys, utilities and drainage channels.

All streets, alleys, utilities and drainage channels are existing and adequately designed to accommodate the proposed project.

4. The development will not adversely impact the public services department's ability to perform its required function.

With the conditions of approval the project will not impact the public services department's ability to provide services to the site or the surrounding area.

Resolution No. 4369

Page 3

5. The development will be compatible with the physical, functional and visual quality of the neighboring uses and desirable neighborhood characteristics.

The architecture of the building is similar to other residential structures in the neighborhood. The site design is similar to other institutional developments throughout the City.

6. Through the planning and design of buildings and building placement, the provision of open space landscaping and other site amenities an attractive environment for the occupants of the property will be attained.

The building meets all of the setback and open space requirements for a project of this size.

CONDITIONAL USE PERMIT:

1. The proposed use is consistent with the City's General Plan and Redevelopment Plan.

Community Residential Care facilities are conditionally permitted uses in the R-3 (Multiple Family Residential) zone.

2. The proposed use will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area.

With the proposed conditions of approval the use would be compatible with multiple family neighborhoods and that the use will not adversely impact the persons residing or working in the area.

3. The proposed use will not unreasonably interfere with the use, enjoyment or valuation of property of other persons located in the vicinity of the site.

The use will allow senior citizens, who require a personalized level of care, and opportunity to live in a home environment in a residential neighborhood.

4. The proposed use has a reasonable degree of physical, functional, and visual compatibility with the neighboring uses.

The new structure is architecturally similar in style to many of the existing residential structures in the area and will provide a residential atmosphere for the residents of the facility.

Resolution No. 4369

Page 4

5. The proposed use is adequately served by streets and highways of sufficient width and improvements as necessary to carry the kind and quantity of traffic to be generated by this use.

All necessary streets and highway improvements are in place and are sufficient to accommodate this use. Minor improvements to the public right-of-way along Josephine Street are required to provide adequate access to the site.

6. The site is adequately served by public and private facilities as required.

All public and private facilities are existing and improved as required.

VARIANCE:

1. There are exceptional circumstances or conditions applicable to the property involved or to the intended use or development of the property that do not apply generally to other property in the same zone or neighborhood.

Exceptional circumstances apply to the intended development of the property. The proposed deviations take into account the unique characteristics of the tenants of the building and attempt to ensure their safety.

2. The Variance is necessary for the preservation and enjoyment of a substantial property right possessed by other property in the same vicinity and zone but which is denied to the subject property.

While the development is located in an R-3 (Multiple Family Residential) zone, the occupancy will provide housing for persons other than those typically residing in apartment situations. Granting these variances will produce the most functional use of the property while ensuring the health and safety of the residents.

3. The granting of the Variance will not be materially detrimental to the public welfare or injurious to the property or improvements in such zone or neighborhood in which the property is located.

Because of the unique nature of the use of the site, the on-site circulation system has been designed to provide the utmost protection to the tenants of the facility while adequately providing parking to accommodate the use. Therefore, the Variances should not impact the surrounding properties or zone.

Resolution No. 4369

Page 5

4. The granting of the variance will not adversely affect the City's General Plan.

The granting of the variance will not adversely affect the City's General Plan as the use is conditionally permitted in the R-3 (Multiple Family Residential) zone and the location of the driveway and parking spaces will not impede traffic circulation in the area and will promote safety for the residents of the development.

PARCEL MAP:

1. The Tentative Parcel Map is consistent with the City's General Plan as the applicant is consolidating lots which is encouraged by the applicable development standards for the R-3 (Multiple Family Residential) zone and the General Plan.
2. The site is physically suitable for the proposed development.
The site currently vacant and provides ample land area for the facility.
3. The requirements of the California Environmental Quality Act have been satisfied as the project has been granted a Negative Declaration. Mitigation measures have been included to ensure that there are no significant impacts from the construction of the building or from the proposed use.
4. The design of the subdivision and the proposed improvements will not conflict with easements of record or easements established by court judgement acquired by the public at large for access through or use of the property within the proposed subdivision.

The are no easements encumbering the site and all required street improvements will be constructed by the applicant.

INCORPORATION OF FACTS AND REASONS SET FORTH IN STAFF REPORT

In addition to the forgoing, the Commission incorporates herein by this reference, the facts and reasons set forth in the staff report.

BE IT FURTHER RESOLVED that the Planning Commission does conclude:

The subject Site Plan possesses characteristics that would indicate justification of the request for adoption in accordance with Municipal Code Section 9.24.030 (Site Plans, Conditional Use Permits and Tentative Parcel Maps).

Resolution No. 4369

Page 6

In order to fulfill the purpose and intent of the Municipal Code and thereby promote the health, safety and general welfare, the following conditions of approval shall apply to Site Plan No. SP-128-93, Conditional Use Permit No. CUP-146-93, Variance No. V-135-93 and Tentative Parcel Map No. PM-93-162 and the Development Agreement:

CONDITIONS OF APPROVAL:

- A. All below listed conditions of approval are required to be recorded. Recordation of said conditions in the responsibility of the applicant, and proof of such recordation is required prior to issuance of building permits. All conditions of approval are required to be adhered to for the life of the project, regardless of ownership. Any changes of the conditions of approval require approval of the Planning Commission.
- B. Approval of this Site Plan, Conditional Use Permit, Variance and Tentative Parcel Map shall not be construed to mean any waiver of applicable and appropriate zoning and other regulations and wherein not otherwise specified, all requirements of the City of Garden Grove Municipal Code shall apply.
- C. Minor modifications shall be approved by the Planning Commission. If other than minor changes are made in the development, a new Site Plan shall be filed, which reflects the revisions made.
- D. All lighting structures shall be placed so as to confine direct rays to the subject property. All exterior lights shall be reviewed and approved by the City's Planning Section. Lighting shall be restricted to decorative type wall-mounted lights, or a ground lighting system. This includes providing lighting throughout all parking areas.
- E. Utilities and mechanical equipment:
 1. All on- and off-site utilities shall be installed or relocated underground.
 2. All above-ground equipment (e.g., electrical, gas, telephone, cable TV) shall not be located in the front setback and shall be screened to the satisfaction of the Development Services Department.
 3. No roof-mounted mechanical equipment shall be permitted unless a method of screening complementary to the architecture of the building is approved by the Development Services Department prior to the issuance of building permits. Said screening shall block visibility of any roof-mounted mechanical equipment from view of public streets and surrounding properties.
 4. All ground- or wall-mounted mechanical equipment shall be screened from any place on or off the site.

Resolution No. 4369

Page 7

- F. All provisions of the Development Services Engineering Division shall be complied with. This includes, but is not limited to, the following:

 3. Any new water meters shall be located in the public right-of-way as designated and approved by the Water Services Division. If on-site meter locations and/or water lines are necessary or required, then the applicant/owner shall provide the proper easements as indicated by the Water Services Division.
- K. All provisions of the Garden Grove Sanitation District shall be met.
- L. The building plans, site plans and all construction shall comply with the current editions of the U.B.C., U.P.C., N.E.C. as amended by the City of Garden Grove and State of California handicap access, energy conservation and sound transmission control requirements.
- M. The developer/owner shall submit a complete detailed landscape plan governing the entire development which reflects the approved landscape plans, with any necessary modifications, as submitted under the Site Plan application. Said plan shall include type, size, location and quantity of all plant material. This includes tree retention program for existing on-site trees. It shall include irrigation plans and staking and planting specification. The landscape plan is also subject to the following:
1. A complete, permanent, automatic remote control irrigation system shall be provided for all landscaped areas. The sprinklers shall be of low flow/precipitation sprinkler heads for water conservation.
 2. The landscape plan shall be revised to provide a mixture of a minimum of ten (10) percent of the trees at 48-inch box, ten (10) percent of the trees at 36-inch box, fifteen (15) percent of the trees at 24-inch box and sixty (60) percent of the trees at 15-gallon, remaining five (5) percent may be of any size. Unless otherwise required the applicant shall provide trees at a ratio of one (1) tree for every twenty (20) feet of frontage, one (1) for every eight parking stalls, or any portion thereof, and one (1) tree for every 600 square feet of landscaped area.
 3. The developer/owner is and shall be responsible for installation and maintenance of all landscaping on the property. Said responsibility shall extend to the sidewalk, curb or pavement of adjoining street.
 4. No trees shall be planted closer than five (5) feet from any public right-of-way. Trees planted within ten (10) feet of any public right-of-way shall be planted in a root barrier shield. All landscaping along street frontage adjacent to driveways shall be of the low height variety to ensure safe site clearance.

Resolution No. 4369

Page 10

5. In addition to the above, the applicant shall provide a minimum of two (2) 36 inch box trees, in the patio area. The common recreation areas shall be landscaped per the approved Site Plan.
- N. No new exterior piping, plumbing, or mechanical duct work shall be permitted on any exterior facade and/or visible from any public right-of-way or adjoining property.
- O. Prior to the issuance of any permits for the subject site, the area of development shall be secured with a six (6) foot high chain link fence. Access gates are permitted and the fence shall be removed upon construction of permanent perimeter fencing and/or completion of the project.
- P. Hours and days of construction and grading shall be as follows as set forth in the City of Garden Grove's Municipal Code Section 8.47.010 referred to as County Noise Ordinance as adopted:
1. Monday through Saturday - not before 7 a.m. and not after 8 p.m. (of the same day).
 2. Sunday and Federal Holidays may work same hours but subject to noise restrictions as stipulated in Section 8.47.010 of the Municipal Code.
- Q. A Parcel Map shall be processed in accordance with the City Ordinances and the California State Subdivision Map Act. Any necessary improvements, dedications and/or easements shall be provided as set forth by the ordinances in effect. Recordation of the Parcel Map shall occur prior to the issuance of building permits.
1. Prior to recordation of the final parcel map, the surveyor/engineer preparing the map shall tie the boundary of the map into the Horizontal Control System established by the County Surveyor in a manner described in Sections 7-9-330 and 7-9-337 of the Orange County Subdivision Code and Orange County Subdivision Manual, Subarticle 18.
 2. Prior to recordation of the final parcel map, the surveyor/engineer preparing the map shall submit to the County surveyor a digital graphics file of said map in a manner described in Sections 7-9-330 and 7-9-337 of the Orange County Subdivision Code and Orange County Subdivision Manual, Subarticle 18.
- R. All rooms, except bathrooms, laundry rooms, and hallways, shall provide both phone jacks and cable T.V. outlets.

SUBJECT: Application for Transitional Housing Grant Veterans Village I (Josephine Street)

Dear Mayor Jones and Members of the City Council:

The Affordable Housing Clearinghouse (AHC) is well aware of the City of Garden Grove's affordable rental housing project located at Josephine Street. We are writing to express our strong support for the Transitional Housing Grant from the State of CA Housing and Community Development Department which is needed now more than ever. AHC was formed in 1990 to facilitate affordable housing in our community. It was formed by the Orange County Community Reinvestment Act Coalition, a cooperative network of community organizations, non-profit housing corporations, public agencies, non-profit housing shelters, and advocates for lower income people. This Coalition included the Orange County Human Relations Commission, the Fair Housing Council of Orange County, and the Orange County Homeless Issues Task Force. Today, AHC is a premier community nonprofit partner, homebuyer education and affordable housing provider in Southern California, and we work with cities, counties, and non-profit organizations to promote homeownership. We are also well aware of the tremendous need for quality affordable housing in Garden Grove, CA.

The housing affordability crisis in Garden Grove is increasing each year, especially due to home selling prices and apartment rents that residents can't afford. Skyrocketing rents and home prices are forcing our families to live in overcrowded housing and substandard housing conditions. Our families are extremely rent burdened, as most of their limited income (over half) is used to pay for housing costs. This is particularly affecting military and veteran families in our local community.

We support the City of Garden Grove's initiative in applying for the Transitional Housing Grant for several reasons: Given the housing crises, we need services immediately, and Veterans Village one is a critical housing asset for the city and the existing housing need. These transitional rental units will be 100% affordable to households earning 80% of Area's Median Income, and the project provides 14 housing units designed for single room occupancy— a great need and almost non-existent in the existing housing market. Please accept this letter in support of the application.

Yours,

Brenda J. Rodriguez

**RE: California Department of Finance Transitional Housing Grant Application
Veterans Village I (Josephine Street)**

Dear Mayor and Council:

HEAL Collective ("HEAL") has joined the community stabilization effort being led by Affordable Housing Clearinghouse ("AHC"), the City of Garden Grove, and Volunteers of America Greater Los Angeles ("VOALA") to acquire and stabilize Veterans Village I ("Josephine Street") transitional housing community located at 12781 Josephine Street, Garden Grove, California.

HEAL advances newly-emerged, fast-growing ventures that aim to meet affordable housing marketplace needs by developing or offering innovative solutions. HEAL is providing pro bono management oversight of the development activities related to Josephine Street given its extensive experience developing affordable housing for chronically homeless veterans in Orange County. HEAL recently completed the development of Potters Lane, the first project utilizing shipping containers to create 16 permanent supportive housing units for chronically homeless Veterans on behalf of American Family Housing.

HEAL's primary activities for Josephine will include managing and coordinating finance, design, construction, legal and professional consultants, internal staff, external partners, and community stakeholders while leveraging public, private and philanthropic resources to bring Josephine community stabilization to fruition.

The acquisition and stabilization of Josephine will stymie the loss of scarce housing for our Veteran with difficulties re-entering society because of post-traumatic stress syndrome, substance abuse, physical, behavioral and/or mental health amongst other challenges. With the support of the City of Garden Grove, Josephine will continue to be a community asset, assisting veterans with the core goal of moving each household towards independent, self-sufficiency as a means of obtaining long-term stability, health and wellness.

SUBJECT: Assumption of the HUD Restrictive Covenant Recorded on the Josephine Street Property

Dear Ms. Rodriguez,

Our Office is aware of Affordable Housing Clearinghouse's (AHC) intent to acquire the Josephine Street property located in Garden Grove, and to pursue anticipated supportive service funding opportunities to benefit homeless veterans. Pending the successful sale of the Josephine Street property and transfer of the deed to AHC, HUD will allow AHC to operate the property as a transitional housing facility and to assume the terms and conditions of the Restrictive Covenant until it expires in 2028 provided all HUD requirements are met during that term.

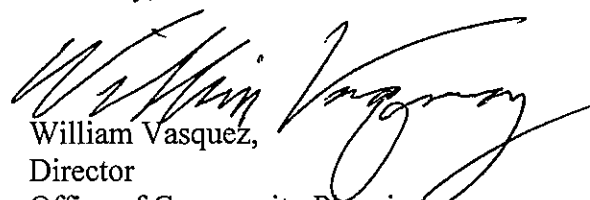

Background

The Josephine Street property was originally acquired by Veterans First when it was awarded a HUD Supportive Housing Program (SHP) grant in 2007 in the amount of \$823,330 to provide permanent housing for chronically homeless and disabled veterans. This grant included funds to acquire the facility, as well as funds for operations and supportive services. A Declaration of Restrictive Covenants was executed and recorded in 2008 specifying that the property must be used to serve homeless persons in accordance with the original agreement, the McKinney-Vento Homeless Assistance Act, and with HUD regulations for term of 20-years.

The former executive director of Veterans' First experienced financial difficulty and, with HUD's consent, sold the Josephine Street property in 2015 to pay off outstanding penalties and debt. The new owner agreed to rent the Josephine Street property to Veteran's First, and continued to pay rent until early 2017. Although Veteran's First has continued operations at the Josephine Street property, it is currently behind in its lease payments and the current property owner is actively seeking qualified organization to acquire the property and to continue providing housing and services to the homeless as per the terms of the Restrictive Covenant.

Should AHC be successful in its purchase of the Josephine property, AHC will be required to assume the HUD Restrictive Covenants recorded against the property.

Sincerely,

William Vasquez,

SUBJECT: Response to your letter of July 25, 2017

Dear Ms. Rodriguez

This is in response to your letter of July 25, 2017, notifying HUD of Affordable Housing Clearinghouse's (AHC) intent to acquire the Josephine Street property in Garden Grove and to pursue anticipated supportive service funding opportunities. Our Office supports the consummation of a sales transaction that will result in a qualified organization assuming operation of the Josephine Street property. Our Office acknowledges that there is a critical need to preserve homeless housing stock in Orange County (OC), and to maintain and house the homeless veterans.

Background

The Josephine Street property was originally acquired by Veterans First when it was awarded a HUD Supportive Housing Program (SHP) grant in 2007 in the amount of \$823,330 to provide permanent housing for chronically homeless and disabled veterans. This grant included funds to acquire the 24-bed facility, as well as funds for operations and supportive services. As per HUD's requirements, a Declaration of Restrictive Covenants was executed and recorded in 2008, restricting the use of the property to serving homeless persons for a 20-year term. Veterans' First sold the Josephine Street property in 2015. The new owner agreed to rent the Josephine Street property to Veteran's First continued operations.

In 2015 an audit conducted by HUD's Office of Inspector General (OIG) found that Veteran's First prepared false accounting documents, charged to its SHP grants program fees that were ineligible and unsupported, and had continued charging clients certain program fees even though a change in regulations disallowed the practice. Consequently, HUD has terminated funding to Veteran's First since then. Beginning in early 2017, Veteran's First paid rent to the property owner intermittently, then ceased paying rent altogether. The current property owner is actively seeking a qualified organization to acquire the property and to continue providing housing and services to the homeless as per the terms of the Restrictive Covenant.

Our Office is aware of Affordable Housing Clearinghouse's (AHC) intent to acquire the Josephine Street property and to pursue anticipated supportive service funding opportunities to benefit the veterans that currently reside there. Based on AHC experience administering HUD

programs, we can attest to its good standing with the Department. We would like to note the following:

- In 2001, AHC participated in the Federal Housing Administration's 203(k) Rehabilitation Mortgage Insurance Program. The program's success led to a partnership with HUD to coordinate the annual homebuyers fair in Orange County in 2002.
- In 2010, AHC applied for and became a sub-recipient of the County of Orange's National Stabilization Program (NSP) funds. AHC was awarded and expended \$800,000 in NSP funds to purchase foreclosed properties and stabilize neighborhoods with a pre-established foreclosure abandonment rate in specific areas of the county.
- In 2017, AHC met the requirements to become a HUD-certified Housing Counseling Agency.
- To date, AHC has no outstanding OIG audit findings related to the administration of its HUD-funded programs.

AHC has also demonstrated that it has the knowledge and capacity to carry out programs that serve homeless veterans. AHC is a member of OC's Kennedy Commission, a collaborative of community members advocating for the production of homes for the county's extremely low-income families. Since 2014, AHC has partnered with the Department of Veteran's Affairs in Long Beach to provide homebuyer workshops and other resources for veterans seeking homeownership opportunities. In addition, AHC's executive director has served in various leadership roles and capacities in support of homeless veterans. She is the current chairwoman of the board of directors for the Kennedy Commission, has co-chaired the OC Military and Veterans Family Collaborative Housing Working Group, has been a moderator for the OC Veterans Summit, and has been a facilitator for the first OC Veterans Housing Symposium.

Our Office supports the sale of this property so that it remains a part of the OC region's critical homeless housing stock. Based on AHC's past history of implementing HUD programs, it is an organization in good standing with HUD.

Sincerely,

Chin Woo Choi,
Program Manager

SUBJECT: Application for Transitional Housing Grant Veterans Village I (Josephine Street)

Dear Mayor Jones and Members of the City Council:

Volunteers of America of Los Angeles (VOALA), supports the City of Garden Grove's initiative in applying for the Transitional Housing Grant related to the property located at Josephine Street. This initiative combines the resources and experience between Affordable Housing Clearinghouse ("AHC"), City of Garden Grove ("CoGG"), HEAL Collective ("HEAL"), and Volunteers of America of Los Angeles ("VOALA").

Volunteers of America of Los Angeles was founded in 1896 by Ballington and Maud Booth who envisioned a movement dedicated to "reaching and uplifting" all people. Later that year, VOA opened "Mission Hall" as a home for orphaned children in Downtown Los Angeles. VOALA has been serving people in Los Angeles and Orange County, and has been serving United States Veterans in Orange County since 2010. In 2013, VOALA opened a Veteran Services office in Santa Ana (2100 N. Broadway, Santa Ana, CA 92706), which helps Veterans and their families in Orange County obtain, and retain, stable housing and employment. Additionally, VOALA's Battle Buddy Bridge works with OC211 to provide services to Veterans requesting service through the OC211 telephone and web site portals. VOALA has also assisted Veterans with housing when asked by the Orange County Housing Authority that were housed at Susan Street and other locations.

Our vision for the City of Garden Grove's Transitional Housing Grant Veterans Village project is to have 14 individual beds available at the transitional living facility that will be located on Josephine Street. Each individual will be able to stay at the facility for a maximum of 24 months. The time period the individual stays is unique to each individual's needs and story. VOALA supports empowering each individual at this transitional housing facility through wrap around case management and strengths-based practices. VOALA is committed to providing on the on-site supportive services for this site, contingent on successful receipt of adequate funding to perform said services.

Sincerely,

**CITY OF GARDEN GROVE
AMENDMENT NO. 4**

FOR: Contractor to Furnish the following services: Crossing Guard Services for eighteen (18) school locations within the Garden Grove Unified School District.

This Amendment No. 4 to the Contract to provide Crossing Guard Services is made and entered into this 22nd day of August, 2017, by and between the **CITY OF GARDEN GROVE**, hereinafter referred to as "CITY", and **ALL CITY MANAGEMENT SERVICES, INC.**, hereinafter referred to as "CONTRACTOR".

WHEREAS, CONTRACTOR and CITY entered into Contract No. **151149** effective July 1, 2013, with options to extend the term for additional three years, one year at a time (the "Agreement").

WHEREAS, CITY has commenced the procurement process for a new contract but requires additional time to complete the process, which will not be completed before the start of the new school year.

WHEREAS, CONTRACTOR and CITY desire to extend the Agreement as provided herein.

Now, therefore, it is mutually agreed, by and between the parties as follows:

Section 1. TERM and TERMINATION, shall be revised as follows:

The term of the Agreement shall be extended for the period of July 1, 2017 through December 31, 2017, unless earlier terminated pursuant to Section 3.4 of the Agreement.

Section 3.1 COMPENSATION AMOUNT, shall be revised as follows:

Total Compensation under this Amendment No. 4 shall not exceed (NTE) the amount of Ninety-Eight Thousand Five Hundred Dollars (\$98,500.00), for the period of July 1, 2017 through December 31, 2017. Pricing shall be per the 2016-2017 proposal which is attached as Attachment A, which is hereby incorporated by reference.

Except as expressly amended herein, all other terms of the Agreement shall remain in full force and effect as originally executed.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties have caused this Amendment No. 4 to the Agreement to be executed by their respective officers duly authorized as of the date first written above.

Courtney Allison, Budget Manager
City of Garden Grove
11222 Acacia Parkway
Garden Grove, CA 92840

It is once again the time of the year when many agencies are formulating their budgets for the coming fiscal year. Toward that end, please allow this letter to serve as confirmation of our interest in extending our agreement for Crossing Guard services with the City of Garden Grove for the 2016-2017 fiscal year.

As you may know, effective July 1, 2014 the California Minimum Wage rate increased \$1.00 to \$9.00 per hour. Then on January 1, 2016 the California Minimum Wage rate increased another \$1.00 to \$10.00 per hour. These combined increases represent the most significant and impactful increases in minimum wages since 1988.

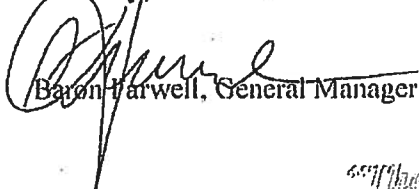

Additionally, the California Assembly passed Bill AB No.1522 which enacts the Healthy Workplaces, Healthy Families Act. This law mandates among other things that all part-time employees are now entitled to be paid or accrue sick-time time. Per this mandate effective July 1, 2015, Crossing Guards have accrued sick time at a rate of 1 hour for every 30 hours worked. As this is a new benefit for all part-time employees it will obviously impact our hourly pricing.

These combined cost increases force us to adjust our hourly billing rate to simply keep pace. While we absorbed these costs the past year we must now increase your hourly rate to \$16.83 per hour.

To facilitate the calculation of the program cost for your Crossing Guard program, we have included a Client Worksheet. This worksheet is our estimation of the projected hours and cost of your program as it is currently staffed.

We remain committed to providing a safe, cost-effective and professional School Crossing Guard Program. If you have any questions or need additional information please contact me at (800) 540-9290. Take care.

Sincerely,

Byron Farwell, General Manager

"The Crossing Guard Company"

The financial impact is \$101,800 to the Building Maintenance operating budget.

RECOMMENDATION

It is recommended that City Council:

- Approve the agreement with Siemens Industries, Inc., in the amount of \$101,800, for the upgrades and repairs of the HVAC control systems at the H. Louis Lake Senior Center and at the Sports and Recreation Center; and
- Authorize the City Manager to sign the agreement on behalf of the City.

Attention: Phil Carter – Facilities Manager

Siemens Sole Source Justification

The scope outlined in the panel upgrade proposal (Ref# AG 185 FY 16 R1 & AG 191 FY 16 R1) provided by Siemens Industry, Inc. Building Technologies Division to upgrade the technologically phased out Siemens controls from Siemens Staefa Controls to Siemens Apogee Insight Controls at the City of Garden Grove Senior Center and Gymnasium respectively can only be performed by Siemens factory trained specialists that are not available to any other vendor. Siemens provides service and support specific to Siemens manufactured equipment. This equipment is very technical in nature and requires factory trained service technicians with access to technical service bulletins and system updates to ensure proper operation of the Building Automation and HVAC systems at your facility. Siemens service tools are proprietary and are not available to other vendors. Moreover, Siemens Building Automation System software support, online and onsite support for emergency and non emergency situations are only available through the local Siemens office. Warranty coverage is contingent on work done by factory trained Siemens personnel.

In case of any questions or for more information, please feel free to contact me at (714) 519-8243. Your active consideration of services from Siemens Industry, Inc. is greatly appreciated.

7. **Independent Contractor.** It is agreed to that CONTRACTOR shall act and be an independent contractor and not an agent or employee of the CITY, and shall obtain no rights to any benefits which accrue to CITY'S employees.
8. **Compliance with Law.** CONTRACTOR shall comply with all applicable laws, ordinances, codes, and regulations of the federal, state, and local government. CONTRACTOR shall comply with, and shall be responsible for causing all contractors and subcontractors performing any of the work pursuant to this Agreement to comply with, all applicable federal and state labor standards, including, to the extent applicable, the prevailing wage requirements

promulgated by the Director of Industrial Relations of the State of California Department of Labor. The City makes no warranty or representation concerning whether any of the work performed pursuant to this Agreement constitutes public works subject to the prevailing wage requirements.

9. **Notices.** All notices shall be personally delivered or mailed to the below listed address, or to such other addresses as may be designated by written notice. These addresses shall be used for delivery of service of process.

- a. (Contractor)

10. **CONTRACTOR'S PROPOSAL.** This Agreement shall include CONTRACTOR'S proposal or bid which shall be incorporated herein by reference. In the event of any inconsistency between the terms of the proposal and this Agreement, this Agreement shall govern.

11. **Licenses, Permits, and Fees.** At its sole expense, CONTRACTOR shall obtain a Garden Grove Business License, all permits, and licenses as may be required by this Agreement.

12. **Familiarity with Work.** By executing this Agreement, CONTRACTOR warrants that: (1) it has investigated the work to be performed; (2) it has investigated the site of the work and is aware of all conditions there; and (3) it understands the facilities, difficulties, and restrictions of the work under this Agreement. Should Contractor discover any latent or unknown conditions materially differing from those inherent in the work or as represented by CITY, it shall immediately inform CITY of this and shall not proceed, except at CONTRACTOR'S risk, until written instructions are received from CITY.

13. **Time of Essence.** Time is of the essence in the performance of this Agreement.

14. **Limitations Upon Subcontracting and Assignment.** The experience, knowledge, capability, and reputation of CONTRACTOR, its principals and employees were a substantial inducement for CITY to enter into this Agreement. CONTRACTOR shall not contract with any other entity to perform the services required without written approval of the CITY. This Agreement may not be assigned voluntarily or by operation of law, without the prior

written approval of CITY. If CONTRACTOR is permitted to subcontract any part of this Agreement, CONTRACTOR shall be responsible to CITY for the acts and omissions of its subcontractor as it is for persons directly employed. Nothing contained in this Agreement shall create any contractual relationship between any subcontractor and CITY. All persons engaged in the work will be considered employees of CONTRACTOR. CITY will deal directly with and will make all payments to CONTRACTOR.

15. **Authority to Execute.** The persons executing this Agreement on behalf of the parties warrant that they are duly authorized to execute this Agreement and that by executing this Agreement, the parties are formally bound.
16. **Indemnification.** To the fullest extent permitted by law, CONTRACTOR shall defend, and hold harmless CITY and its elective or appointive boards, officers, agents, and employees from any and all claims, liabilities, expenses, or damages of any nature, including attorneys' fees, for injury or death of any person, or damages of any nature, including interference with use of property, arising out of, or in any way connected with the negligence, recklessness and/or intentional wrongful conduct of CONTRACTOR, CONTRACTOR'S agents, officers, employees, subcontractors, or independent contractors hired by CONTRACTOR in the performance of the Agreement. The only exception to CONTRACTOR'S responsibility to protect, defend, and hold harmless CITY, is due to the negligence, recklessness and/or wrongful conduct of CITY, or any of its elective or appointive boards, officers, agents, or employees.

This hold harmless agreement shall apply to all liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by CONTRACTOR.

MATTERS FROM THE MAYOR, CITY COUNCIL MEMBERS, AND CITY MANAGER

CITY HALL VISITOR, EMPLOYEE, AND STEELCRAFT PROJECT PARKING UPDATE AS REQUESTED BY CITY MANAGER STILES (F: 75.1)

Staff presentation was provided to update the City Council and the public that with the development of the SteelCraft project, City Hall visitors and staff will no longer be able to park behind City Hall. The parking lot located across the street from City Hall will be designated as staff parking only and staff will be provided parking permits. Visitor parking will be located in the unenclosed parking lot adjacent to the Fire Station.

MATTERS FROM THE MAYOR, CITY COUNCIL MEMBERS, AND CITY MANAGER
(Continued)

Council Member Beard noted that he visited the SteelCraft location in Long Beach and expressed his pleasure that SteelCraft will be in Garden Grove. He suggested that the City increase fines for illegal fireworks, and he commended the Fire and Police Departments on their work on July 4th. He asked for a performance review on the City's animal care services.

Council Member K. Nguyen announced the last in the series of free summer concerts featuring the band Soto on August 23, 2017, hosted by the Garden Grove Community Foundation at the Elks Lodge at 11551 Trask Avenue.

Council Member Klopfenstein stated that Vector Control has found a mosquito in Garden Grove that has tested positive for the West Nile Virus, and she cautioned everyone to take precautions around their homes and businesses.

Mayor Jones recognized GGTV City employees Jeff Davis and Marie Moran for winning their first Emmy Award in the informational/instructional category for the video production on Garden Grove's District Elections at the annual Pacific Southwest Emmy Awards held in June 2017.

City Manager Stiles congratulated Jeff and Marie for their Emmy and commended them for their work on the videos they produce for the City. He noted that the animal care report will be provided soon; that he participated with the Garden Grove Chamber in strategizing how the Chamber can provide support for local businesses; and noted that Council Member T. Nguyen invited him to attend an event to honor Thomas Lee, a community member who teaches life skills and swimming to kids.

INTER-DEPARTMENT MEMORANDUM

To:	Scott C. Stiles	From:	Lisa L. Kim
Dept.:	City Manager	Dept.:	Community and Economic Development
Subject:	Introduction and first reading of an Ordinance approving Amendment No. A-020-2017 to amend portions of Chapters 9.08, 9.12, 9.16, and 9.18 of the Municipal Code to conform with state law by incorporating changes for water efficient landscaping	Date:	8/22/2017

OBJECTIVE

To transmit a recommendation from the Planning Commission to the City Council, and request that the City Council introduce and conduct the first reading of an Ordinance approving Amendment No. A-020-2017 to amend portions of Chapters 9.08, 9.12, 9.16, and 9.18 of the Garden Grove Municipal Code to conform to state law by incorporating recent changes to state law regarding water efficient landscaping.

BACKGROUND

In 1992, the State of California enacted the Water Conservation in Landscaping Act, (AB 325) requiring the adoption of water efficient landscape ordinances by cities and counties throughout the state. To assist local agencies, the California Department of Water Resources (DWR) developed a Model Water Efficient Landscape Ordinance (MWELo) that established water efficient landscape design standards for urban landscapes. This MWELo served as a template for local agencies to utilize in the development of their own local water efficient landscape ordinance.

As the drought continued to worsen, the State updated the Model Ordinance and required cities and local agencies to update and amend their versions of the ordinance to reflect more stringent water conservation standards. In response to the State's update of the MWELo, the Municipal Water District of Orange County (MWDOC) and the Orange County Division of the League of California Cities formed a stakeholder group who developed a locally-crafted Orange County MWELo. The goals of a locally-crafted ordinance was to meet the "at least as effective as"

component of the State's Ordinance, as well as to minimize the cost of compliance, and to provide consistency between local jurisdictions. In 2010, the City of Garden Grove adopted the Ordinance to amend Title 9 (Zoning Code) of the Garden Grove Municipal Code and adopted the Guidelines to incorporate updated landscape water efficiency provisions based on the Countywide Model.

In response to the ongoing concerns for California's extended period of drought, on April 1, 2015, Governor Brown signed an Executive Order B-29-15 directing DWR to update the MWELo through expedited regulations. The directive specifically listed five items that were to be addressed in the revised MWELo: (1) more efficient irrigation systems; (2) graywater usage; (3) on-site stormwater capture; (4) limiting the percentage of turf planted in landscapes; and (5) requiring local agency reporting on implementation and enforcement. DWR thereafter adopted new regulations updating the MWELo. Pursuant to these State regulations, local agencies are required to either adopt the updated MWELo or their own local or regional ordinances that are "at least as effective as" the updated MWELo in conserving water.

Responding again to the latest required update, Municipal Water District of Orange County, in collaboration with the Association of California Cities (ACC-OC) and the Orange County Chapter of the Building Industry Association (BIA), formed another stakeholder group to develop an updated Countywide Model Ordinance that would set Guidelines that would comply with the new State Law requirements. The updated Countywide Model Ordinance and Guidelines were reviewed by DWR and was found to satisfy the new State requirements.

DISCUSSION

The proposed Zoning Code Amendment No. A-020-2017 would update Garden Grove's landscape water efficiency provisions to comply with Governor Brown's April 1, 2015 Executive Order and updated MWELo. These changes are based on the updated Countywide Model Ordinance and Guidelines, which DWR has found to "at least as effective as" the State MWELo. Significant changes are discussed below and are summarized as follows:

The most significant changes contained in the DWR's updated MWELo include the following: 1) the threshold size of landscaped area has been reduced, as noted below, resulting in an increase in applicability of the landscape water efficiency provisions; 2) the Maximum Applied Water Allowance (MAWA) has been lowered from 70% to 55% for residential landscape projects and 45% for non-residential landscape projects; and 3) local agencies are now required to annually report to DWR on the implementation and enforcement of their local water efficient landscape ordinances.

Currently, the City's existing water efficient landscape standards are applicable to landscape areas that are 2,500 square feet or larger for new and rehabilitated landscape projects, except that the existing threshold for new landscape projects by individual homeowners on residential lots is 5,000 square feet, and there is no water efficiency requirement for rehabilitated landscape projects by individual homeowners.

The proposed changes, which are mandated by the State, will require new landscape projects as small as 500 square feet and landscape rehabilitation projects as small as 2,500 square feet, to comply with the revised water efficiency requirements. The size threshold applies to residential, commercial, industrial, and institutional projects that require a permit, plan check, or design review. Recognizing the special landscape management needs of cemeteries, new and rehabilitated cemeteries are limited to Sections 2.9 and 2.10 of Appendix 1, Title 9. Projects that have new landscape areas between 500 to 2,500 square feet can comply either through meeting the water calculation approach or through the prescriptive approach. The prescriptive approach includes, but is not limited to, the following:

- Incorporation of compost to a depth of 6 inches of the landscape area
- Use of climate adapted plants
- Providing a minimum of 3 inches of mulch
- Turf area to not exceed 25 percent of landscape area
- Installation of automatic irrigation controller with evapotranspiration or soil moisture sensing data.

FINANCIAL IMPACT

None.

RECOMMENDATION

It is recommended that the City Council:

- Conduct a Public Hearing;
- Introduce and conduct the first reading of the attached Ordinance approving Amendment No. A-020-2017 to amend Title 9 of the Municipal Code adopting water efficient landscape regulations consistent with recent changes to state law.

ORDINANCE NO.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF GARDEN GROVE APPROVING AMENDMENT NO. A-020-2017 AMENDING AND RESTATING PORTIONS OF TITLE 9 (ZONING CODE) OF THE GARDEN GROVE MUNICIPAL CODE REGARDING LANDSCAPE WATER EFFICIENCY REQUIREMENTS.

City Attorney Summary

This Ordinance amends the Garden Grove Zoning Code to revise landscape water efficiency requirements set forth in Chapters 9.08, 9.12, 9.16, and 9.18 consistent with the updated Orange County Model Water Efficient Landscape Ordinance to be at least as effective as the State Model Water Efficient Landscape Ordinance pursuant to State law.

WHEREAS, the City of Garden Grove proposes to amend portions of Chapters 9.08, 9.12, 9.16, and 9.18 Title 9 (Zoning Code) of the Garden Grove Municipal Code and to adopt amended Guidelines for Implementation of the City of Garden Grove Landscape Water Efficiency Provisions (Appendix 1 to Title 9) to revise landscape water efficiency requirements in compliance with State law and consistent with the Orange County Model Water Efficient Landscape Ordinance;

WHEREAS, in 1992, the State of California enacted the Water Conservation in Landscaping Act, (AB 325) requiring cities and counties throughout the State to adopt water efficient landscape ordinances;

WHEREAS, following the enactment of AB 325, the Department of Water Resources (DWR) developed a model water efficient landscape ordinance (MWELo) to assist and guide cities in the enactment of their own water efficient landscape ordinances to establish water efficient landscape design standards for urban landscapes;

WHEREAS, in 2006, the State of California amended the Water Conservation in the Landscape Act (AB 1881) to direct DWR to update the original MWELo to achieve greater landscape water use efficiency and to require cities and counties to update their local water efficient landscape ordinances by 2010 so that they were "at least as effective as" the MWELo;

WHEREAS, in 2009, a stakeholder formed under the leadership of the Municipal Water District of Orange County and the Orange County Division of the League of California Cities, and including representatives from the County of Orange, cities, local water agencies, Building Industry Association, Orange County Fire Authority, irrigation consultants, landscape architects, and other green industry professionals, developed a locally-crafted Orange County Model Water Efficient Landscape Ordinance (Countywide Model Ordinance) and model implementing Guidelines that met the "at least as effective as" requirement of State law, while

minimizing the complexity and cost of compliance and providing consistency between local jurisdictions;

WHEREAS, in compliance with AB 1881, the City of Garden Grove adopted Ordinance No. 2769 in 2010 to amend Title 9 (Zoning Code) of the Garden Grove Municipal Code to incorporate updated landscape water efficiency provisions consistent with the Countywide Model Ordinance and Resolution No. 8943-10 to adopt Guidelines for implementation of those provisions;

WHEREAS, Governor Brown issued Executive Order (EO B-29-15) on April 1, 2015, directing DWR to update the MWELO by July 15, 2015 to increase water efficiency standards for new and existing landscapes through more efficient irrigation systems, graywater usage, on-site storm water capture and limiting the portion of landscaping that can be covered in turf;

WHEREAS, the California Water Commission (CWC) thereafter adopted revisions to the California Code of Regulations Title 23, Division 2, Chapter 2.7 "Model Water Efficient Landscape Ordinance", which require cities and counties to adopt local or regional water efficient landscape ordinances that are "at least as effective as" the updated MWELO;

WHEREAS, the Association of California Cities – Orange County (ACC-OC), the Municipal Water District of Orange County (MWDOC) and Building Industry Association, Orange County (BIAOC) formed a stakeholder group that developed an updated regional Countywide Model Ordinance and Guidelines that are at least effective as the updated MWELO, and which reflect the climactic conditions of Orange County and utilize existing irrigation technologies;

WHEREAS, this Ordinance is consistent with the model regional ordinance developed under the guidance of the ACC-OC, MWDOC, and BIAOC;

WHEREAS, the State Legislature has found that:

- (a) the waters of the State are of limited supply and are subject to ever increasing demands;
- (b) the continuation of California's economic prosperity is dependent on the availability of adequate supplies of water for future uses;
- (c) it is the policy of the State to promote the conservation and efficient use of water and to prevent the waste of this valuable resource;
- (d) landscapes are essential to the quality of life in California by providing areas for active and passive recreation and as an enhancement to the environment by cleaning air and water, preventing erosion, offering fire protection, and replacing ecosystems lost to development;

- (e) landscape design, installation, maintenance, and management can and should be water efficient; and
- (f) Article X, Section 2 of the California Constitution specifies that the right to use water is limited to the amount reasonably required for the beneficial use to be served, and the right does not, and shall not, extend to waste or unreasonable method of use of water;

WHEREAS, the City Council hereby finds that:

- (a) Orange County has an established, large reclaimed water infrastructure system;
- (b) allocation-based and tiered water rate structures allow public agencies to document water use in landscapes;
- (c) incentive-based water use efficiency programs have been actively implemented within Orange County since before 1991;
- (d) current local design practices in new landscapes strive to achieve the intent of the State MWELo water use goals;
- (e) water services within the City are metered and billed based on volume of use;
- (f) Orange County is a leader in researching and promoting the use of smart irrigation controllers and promotion of sustainable landscape transformation with more than 30 million square feet of turf removal;
- (g) all new irrigation controllers sold after 2012 within Orange County were smart irrigation controllers;
- (h) landscape plan submittal and review has been a long standing practice in the City; and
- (i) the average rainfall in Orange County is approximately 12 inches per year;

WHEREAS, the City, as the local water purveyor, is implementing tiered-rate billing and/or enforcement of water waste prohibitions for all existing metered landscaped areas throughout its service area;

WHEREAS, following a Public Hearing held on June 1, 2017, the Planning Commission adopted Resolution No. 5886-17 recommending approval of Amendment No. A-020-2017 and updated Guidelines for Implementation of the City of Garden Grove Landscape Water Efficiency Provisions;

WHEREAS, pursuant to a legal notice, a Public Hearing regarding the proposed adoption of this Ordinance was held by the City Council on July 11, 2017, and all interested persons were given an opportunity to be heard;

WHEREAS, on July 11, 2017, the City Council adopted Resolution No. _____ approving amended Guidelines for Implementation of the City of Garden Grove Landscape Water Efficiency Provisions, subject to the adoption and effectiveness of this Ordinance; and

WHEREAS, the City Council gave due and careful consideration to the matter.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GARDEN GROVE HEREBY ORDAINS AS FOLLOWS:

SECTION 1: The above recital are true and correct, and are incorporated herein by reference.

SECTION 2: Consistent with the above recitals, the City Council finds that the purpose of the amendments to the City's Landscape Water Efficiency Provisions pursuant to Amendment No. A-20-2017 is to establish an alternative model acceptable under Governor Brown's April 1, 2015 Drought Executive Order (EO-B-19-25) as being "at least as effective as" the State MWELo in the context of conditions in the City in order to:

1. Promote the benefits of consistent landscape ordinances with neighboring local and regional agencies;
2. Promote the values and benefits of landscapes while recognizing the need to invest water and other resources as efficiently as possible;
3. Establish a structure for planning, designing, installing, and maintaining and managing water efficient landscapes in new construction and rehabilitated projects;
4. Establish provisions for water management practices and water waste prevention for existing landscapes;
5. Use water efficiently without waste by setting a Maximum Applied Water Allowance as an upper limit for water use and reduce water use to the lowest practical amount; and
6. Encourage the use of economic incentives that promote the efficient use of water, such as implementing a budget-based tiered-rate structure, providing rebate incentives and offering educational programs.

SECTION 3: The City Council finds that Amendment No. A-20-2017 is exempt from environmental review under the California Environmental Quality Act ("CEQA") (California Public Resources Code Section 21000 et seq.), because pursuant to Section 15307 of the state's CEQA Guidelines (14 Cal. Code Regs., § 15307), Amendment No. A-20-2017 is covered by the CEQA Categorical Exemption for actions taken to assure the maintenance, restoration, enhancement, or protection of a natural resource where the regulatory process involves procedures for the protection of the environment. The adoption of this Ordinance will result in the enhancement and protection of water resources in the City, and will not result in cumulative adverse environmental impacts. It is therefore exempt from the provisions of CEQA.

SECTION 4: The City Council finds as follows:

A. Amendment No. A-20-2017 is internally consistent with the goals, objectives and elements of the City's General Plan.

B. Amendment No. A-20-2017 is deemed to promote the public interest, health, safety and welfare.

SECTION 5: Amendment No. A-20-2017 is hereby approved, and Title 9 of the Garden Grove Municipal Code, is hereby amended as provided in Exhibit "A", pursuant to the findings set forth herein and the facts and reasons stated in Planning Commission Resolution No. 5886-17, a copy of which is on file in the Office of the City Clerk, and which is incorporated herein by reference with the same force and effect as if set forth in full. The Guidelines for Implementation of the City of Garden Grove Landscape Water Efficiency Provisions adopted pursuant to City Council Resolution No. 5886-17, and as thereafter amended, shall be attached to Title 9 as Appendix 1.

SECTION 6: If any section, subsection, subdivision, sentence, clause, phrase, word, or portion of this Ordinance is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have adopted this Ordinance and each section, subsection, subdivision, sentence, clause, phrase, word, or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases, words or portions thereof be declared invalid or unconstitutional.

SECTION 7: The Mayor shall sign and the City Clerk shall certify to the passage and adoption of this Ordinance and shall cause the same, or the summary thereof, to be published and posted pursuant to the provisions of law and this Ordinance shall take effect thirty (30) days after adoption.

The foregoing Ordinance was passed by the City Council of the City of Garden Grove on the 11th day of July, 2017.

AGENDA ITEM NO: C.2	SITE LOCATION: Citywide
HEARING DATE: June 1, 2017	GENERAL PLAN: N/A
CASE NO: Amendment No. A-020-2017	ZONE: N/A
APPLICANT: City of Garden Grove	CEQA DETERMINATION: Exempt

REQUEST:

A request for the Planning Commission to recommend to the City Council, approval of an Amendment to Title 9 (Zoning Code) of the Garden Grove Municipal Code and adoption of related implementing Guidelines to update the landscape water efficiency requirements in Chapters 9.08 Single-Family Residential, 9.12 Multi-Family Residential, and 9.16 Commercial, Office Professional, Industrial, and Open Space, and 9.18 Mixed-Use, to provide new standards for water efficient landscapes in conformance with Governor Brown's Executive Order and corresponding State regulations.

BACKGROUND:

In 1992, the State of California enacted the Water Conservation in Landscaping Act, (AB 325) requiring the adoption of water efficient landscape ordinances by cities and counties throughout the state. To assist local agencies, the California Department of Water Resources (DWR) developed a Model Water Efficient Landscape Ordinance (MWELO) that established water efficient landscape design standards for urban landscapes. This MWELO served as a template for local agencies to utilize in the development of their own local water efficient landscape ordinance.

In 2004, the California Legislature passed Assembly Bill 2717 establishing a stakeholder-based Landscape Taskforce charged with formulating recommendations to improve irrigation efficiency in new and existing landscapes and to report their findings to the Governor and Legislature by December 31, 2005. The report, "Water Smart Landscapes for California: AB 2717 Landscape Task Force Findings, Recommendations, & Actions," contained 43 recommendations to achieve greater landscape water use efficiency.

In 2006, Governor Schwarzenegger signed AB 1881, amending the Water Conservation in Landscaping Act. AB 1881 added two new requirements: 1) the DWR was to update the MWELO; and 2) each city and county was to comply with the final State MWELO or update its own landscape ordinance so that it was "at least as effective as" the State's updated MWELO. Due to the new "at least as effective as"

CASE NUMBER: AMENDMENT NO. A-020-2017

clause, meeting the requirements of AB 1881 resulted in significant changes to most landscape ordinances in Orange County.

In 2009, a stakeholder group was formed under the leadership of the Municipal Water District of Orange County and the Orange County Division of the League of California Cities. The stakeholder group included representatives from the County of Orange, cities, local water agencies, Building Industry Association, Orange County Fire Authority, irrigation consultants, landscape architects, and other green industry professionals. The goal of the stakeholder group was to develop a locally-crafted Orange County Model Water Efficient Landscape Ordinance (Countywide Model Ordinance) that would meet the "at least as effective as" requirement of State law, minimize the complexity and cost of compliance, and provide consistency between local jurisdictions. This stakeholder effort resulted in the development of an abbreviated Countywide Model Ordinance and implementing Guidelines for cities across the County to use as a template. In 2010, the City of Garden Grove adopted Ordinance No. 2769 and Resolution No. 8943-10 to amend Title 9 (Zoning Code) of the Garden Grove Municipal Code and to adopt implementing Guidelines to incorporate the updated landscape water efficiency provisions based on the Countywide Model Ordinance and Guidelines. Consistent with the format of the Zoning Code, the City's landscape water efficiency provisions were included in each of Chapters 9.08, 9.12, 9.16, and 9.18.

In response to the rising concerns for California's extended period of drought, on April 1, 2015, Governor Brown signed an Executive Order B-29-15 directing DWR to update the MWELO through expedited regulations. The directive specifically listed five items that were to be addressed in the revised MWELO: (1) more efficient irrigation systems; (2) graywater usage; (3) on-site stormwater capture; (4) limiting the percentage of turf planted in landscapes; and (5) requiring local agency reporting on implementation and enforcement. DWR thereafter adopted new regulations updating the MWELO. Pursuant to these State regulations, local agencies are required to either adopt the updated MWELO or their own local or regional ordinances that are "at least as effective as" the updated MWELO in conserving water.

In response to the new 2015 landscape water efficiency requirements, the Association of California Cities – Orange County (ACC-OC), the Municipal Water District of Orange County, and the Orange County Chapter of the Building Industry Association formed a stakeholder group to develop an updated Countywide Model Ordinance (a model regional ordinance) and set of Guidelines that comply with the new State law requirements. The stakeholder group, made up of representatives from cities, water agencies, and landscape professionals drafted an updated Countywide Model Ordinance and accompanying Guidelines document, which reflect the climactic conditions of Orange County and utilize existing irrigation technologies. The updated Countywide Model Ordinance and Guidelines were reviewed by DWR and found to satisfy the new State requirements.

DISCUSSION:

The proposed Zoning Code Amendment A-20-2017 would update Garden Grove's landscape water efficiency provisions to comply with Governor Brown's April 1, 2015 Executive Order and updated MWELo. These changes are based on the updated Countywide Model Ordinance and Guidelines, which DWR has found to "at least as effective as" the State MWELo. Significant changes are discussed below: and are summarized as follows:

The most significant changes contained in the DWR's updated MWELo include the following: 1) the threshold size of landscaped area has been reduced, resulting in an increase in applicability of the landscape water efficiency provisions; 2) the Maximum Applied Water Allowance (MAWA) has been lowered from 70% to 55% for residential landscape projects and 45% for non-residential landscape projects; and 3) local agencies are now required to annually report to DWR on the implementation and enforcement of their local water efficient landscape ordinances.

Currently, the City's existing water efficient landscape standards are applicable to landscape areas that are 2,500 square feet or larger for new and rehabilitated landscape projects, except that the existing threshold for new landscape projects by individual homeowners on residential lots is 5,000 square feet, and there is no water efficiency requirement for rehabilitated landscape projects by individual homeowners.

The proposed changes, which are mandated by the State, will require new landscape projects as small as 500 square feet and landscape rehabilitation projects as small as 2,500 square feet to comply with the revised water efficiency requirements. The size threshold applies to residential, commercial, industrial, and institutional projects that require a permit, plan check, or design review. A good example of applicable projects include single family homeowners who rehabilitate 2,500 square feet or more of their existing landscaping; the homeowner will be required to submit plans for a building or landscape permit and will also be required to provide landscape certifications with their plans, demonstrating that their proposed landscape rehabilitation projects meet the City's updated water efficiency requirements. Recognizing the special landscape management needs of cemeteries, new and rehabilitated cemeteries are limited to Sections 2.9 and 2.10 of Appendix 1, Title 9. Projects that have new landscape area between 500 to 2,500 square feet can comply either through meeting the water calculation approach or through the prescriptive approach. The prescriptive approach includes, but is not limited to, the following:

- Incorporation of compost to a depth of 6 inches of the landscape area
- Use of climate adapted plants
- Providing a minimum of 3 inches of mulch
- Turf area to not exceed 25 percent of landscape area
- Installation of automatic irrigation controller with evapotranspiration or soil moisture sensing data.

RECOMMENDATION:

Staff recommends that the Planning Commission:

- Adopt the proposed Resolution recommending approval of Amendment No. A-020-2017 and the Guidelines to the City Council.

RESOLUTION NO. 5886-17

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF GARDEN GROVE RECOMMENDING THE CITY COUNCIL APPROVE AMENDMENT NO. A-020-2017, TO AMEND PORTIONS OF CHAPTERS 9.08, 9.12, 9.16, AND 9.18 OF THE CITY OF GARDEN GROVE MUNICIPAL CODE PERTAINING TO LANDSCAPE WATER EFFICIENCY STANDARDS, AND ADOPT RELATED IMPLEMENTING GUIDELINES.

BE IT RESOLVED that the Planning Commission of the City of Garden Grove, in regular session assembled on June 1, 2017, does hereby recommend the the City Council approve Amendment No. A-020-2017 and adopt the draft ordinance attached hereto as "Exhibit A".

BE IT FURTHER RESOLVED in the matter of Amendment No. A-020-2017 the Planning Commission of the City of Garden Grove does hereby report as follows:

1. The subject case was initiated by the City of Garden Grove.
2. The City of Garden Grove is proposing to amend portions of Title 9 (Zoning) of the Garden Grove Municipal code and adopt related implantiing Guidelines to update the landscape water efficiency requirements in Chapter 9.08 (Single-Family Residential), 9.12 (Multi-Family Residential), 9.16 (Commercial, Office Professional, Industrial, and Open Space), and 9.18 (Mixed-Use), to provide new standards for water efficient landscapes in conformance with Governor Executive Order B-29-15 and corresponding State regulations.
3. The Planning Commission recommends the City Council find that adoption of the proposed Code amendment and updated Guidelines is exempt from environmental review under the California Environmental Quality Act (CEQA) (California Public Resources Code Section 21000 et seq.), because pursuant to Section 15307 of the State's CEQA Guidelines (14 Cal. Code Regs., § 15307), the project is covered by the CEQA Categorical Exemption for actions taken to assure the maintenance, restoration, enhancement, or protection of a natural resource where the regulatory process involves procedures for the protection of the environment. The adoption of the proposed Ordinance and Guidelines will result in the enhancement and protection of water resources in the City, and will not result in cumulative adverse environmental impacts. It is therefore exempt from the provisions of CEQA.
4. Pursuant to legal notice, a public hearing was held on June 1, 2017, and all interested persons were given an opportunity to be heard.
5. Report submitted by City staff was reviewed.
6. The Planning Commission gave due and careful consideration to the matter during its meeting of June 1, 2017.

BE IT FURTHER RESOLVED, FOUND, AND DETERMINED that the facts and reasons supporting the conclusion of the Planning Commission, as required under Municipal Code Sections 9.04.030 are as follows:

FACTS:

In 1992, the State of California enacted the Water Conservation in Landscaping Act, (AB 325) requiring the adoption of water efficient landscape ordinances by cities and counties throughout the state. To assist local agencies, The California Department of Water Resources (DWR) developed a Model Water Efficient Landscape Ordinance that established water efficient landscape design standards for urban landscapes.

In 2006, Governor Schwarzenegger signed Assembly Bill 1881 amending the Water Conservation in the Landscape Act (Act). The bill required two things: 1) DWR to update the original Model Water Efficient Landscape Ordinance; and 2) cities and counties to update local Landscape Ordinances so that they are "at least as effective as" DWR's updated Model Ordinance by January 1, 2010.

A stakeholder group was formed under the leadership of the Municipal Water District of Orange County (MWDOC) and the Orange County Division of the League of California Cities. The stakeholder group developed a locally crafted Orange County Model Water Efficient Landscape Ordinance. The intent in writing a local version of a Model Water Efficient Landscape Ordinance was to meet the "at least as effective as" requirement by the State, minimize the complexity and cost of compliance, and provide consistency between the local jurisdictions.

In 2015, Governor Brown issued an Executive Order directing the Department of Water Resources to update the State Model Water Efficient Landscape Ordinance through Expedited Regulation. Like AB 1881, Executive Order No. B-29-15 is also requiring that Local Agencies either adopt the updated State's MWELO or update an existing Local Ordinance. In response to the mandate, the City of Garden Grove has chosen to amend portions of Title 9 (Zoning) of the Garden Grove Municipal code and adopt related implanting Guidelines to update the landscape water efficiency requirements in the applicable Chapters. These changes are based on the updated Countywide Model Ordinance and Guidelines, which DWR has found to "at least as effective as" the State MWELO. Significant changes are discussed below and are summarized as follows:

The most significant changes contained in the DWR's updated MWELO include the following: 1) the threshold size of landscaped area has been reduced, resulting in an increase in applicability of the landscape water efficiency provisions; 2) the Maximum Applied Water Allowance (MAWA) has been lowered from 70% to 55% for residential landscape projects and 45% for non-residential landscape projects; and 3) local agencies are now required to annually report to DWR on the implementation and enforcement of their local water efficient landscape ordinances.

Currently, the City's existing water efficient landscape standards are applicable to landscape areas that are 2,500 square feet or larger for new and rehabilitated landscape projects, except that the existing threshold for new landscape projects by individual homeowners on residential lots is 5,000 square feet, and there is no water efficiency requirement for rehabilitated landscape projects by individual homeowners.

The proposed changes, which are mandated by the State, will require new landscape projects as small as 500 square feet and landscape rehabilitation projects as small as 2,500 square feet to comply with the revised water efficiency requirements. The size threshold applies to residential, commercial, industrial, and institutional projects that require a permit, plan check, or design review. A good example of applicable projects include single family homeowners who rehabilitate 2,500 square feet or more of their existing landscaping; the homeowner will be required to submit plans for a building or landscape permit and will also be required to provide landscape certifications with their plans, demonstrating that their proposed landscape rehabilitation projects meet the City's updated water efficiency requirements. Recognizing the special landscape management needs of cemeteries, new and rehabilitated cemeteries are limited to Sections 2.9 and 2.10 of Appendix 1, Title 9. Projects that have new landscape area between 500 to 2,500 square feet can comply either through meeting the water calculation approach or through the prescriptive approach. The prescriptive approach includes, but is not limited to, the following:

- Incorporation of compost to a depth of 6 inches of the landscape area
- Use of climate adapted plants
- Providing a minimum of 3 inches of mulch
- Turf area to not exceed 25 percent of landscape area
- Installation of automatic irrigation controller with evapotranspiration or soil moisture sensing data.

FINDINGS AND REASONS:

1. The Amendment is internally consistent with the goals, objectives and elements of the City's General Plan.

The requested Amendment is internally consistent with the goals, objectives and the elements of the General Plan. The proposed Amendment will provide specific requirements for water conservation in proposed landscape areas. These requirements will implement the "Water Resource" goal and policies in the Conservation Element of General Plan 2030.

2. The Amendment is deemed to promote the public interest, health, safety and welfare.

The Amendment will promote the public interest, health, safety, and welfare, as water conservation through reduced use and efficiency is critical for the

entire region. Reduced water consumption lessens reliance on potentially unreliable foreign water supplies and, locally, leaves more water in natural systems to benefit the local environment. Maintaining and improving water quality is essential to protect public health, wildlife and the local watershed.

INCORPORATION OF FACTS AND REASONS SET FORTH IN STAFF REPORT

In addition to the foregoing the Planning Commission incorporates herein by this reference, the facts and reasons set forth in the staff report.

BE IT FURTHER RESOLVED that the Planning Commission does conclude:

1. Amendment No. A-020-2017 possesses characteristics that would indicate justification of the request in accordance with Municipal Code Section 9.32.030.D1 (Code Amendment).
2. The Planning Commission recommends that the City Council approve Amendment No. A-020-2017 and adopt the draft Ordinance attached hereto as Exhibit "A" and the Guidelines attached hereto as Exhibit "B."

GARDEN GROVE PLANNING COMMISSION

PUBLIC HEARING - AMENDMENT NO. A-020-2017. CITY OF GARDEN GROVE, CITYWIDE.

Applicant: CITY OF GARDEN GROVE

Date: June 1, 2017

Request: A request for Planning Commission to recommend to the City Council, approval of an Amendment to Title 9 of the Garden Grove Municipal Code to update (per Executive Order B-29-15, State of California) the landscape water efficiency requirements (definitions, threshold, and reporting requirements) in Chapter 9.04 General Provisions, Chapter 9.08 Single-Family Residential, 9.12 Multi-Family Residential, and 9.16 Commercial, Office Professional, Industrial, and Open Space. The project is exempt pursuant to CEQA Guidelines Section 15061(b)(3) as it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, and Section 15307 as the local ordinance assures the maintenance, restoration, or enhancement of a natural resource where the regulatory process involves procedures for protection of the environment.

ORDINANCE NO. 2885

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF GARDEN GROVE
ADDING SECTION 10.56.115 TO CHAPTER 10.56 OF TITLE 10 OF THE GARDEN GROVE
MUNICIPAL CODE RELATING TO RECREATIONAL VEHICLE PARKING RESTRICTIONS

City Attorney Summary

This Ordinance establishes parking restrictions applicable to recreational vehicles.

WHEREAS, the parking of recreational vehicles on rights-of-way raise a number of public safety concerns, including the obstruction of access to roadways during emergency response, reduction of visibility at intersections, increased opportunities for vehicular thefts and the creation of unsafe environments for persons dwelling within and around them; and

WHEREAS, the City would like to mitigate the public safety concerns associated with the parking of recreational vehicles on the City's rights-of-way.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GARDEN GROVE HEREBY ORDAINS AS FOLLOWS:

SECTION 1: Section 10.56.115 is hereby added to Chapter 10.56 of Title 10 of the Garden Grove Municipal Code to read as follows:

Section 10.56.115 Recreational Vehicle Parking

A. No person shall park and leave standing on any public or private street, alley or public property any recreational vehicle, except pursuant to a permit issued by the City Manager or his/her designee as provided for in this section. For purposes of this section a "recreational vehicle" means a vehicle for the conveyance and/or shelter of persons or goods for purposes of leisure-time activities, including a motor home, travel trailer, van, truck camper, camping trailer, boat, or off-the-road vehicle.

B. The City Manager or his/her designee may issue 72-hour recreational vehicle parking permits to City residents for the sole purpose of loading and unloading before and after travel, and not to exceed 12 non-consecutive permits in any calendar year per residential address. The permit shall only allow the parking of a recreational vehicle in front of the address of the resident applying for the permit, with at least one day in between each of the 12 permits allowed per calendar year per address. No more than one permit per address shall be issued at any given time.

C. The City Manager or his/her designee may issue weekly recreational vehicle parking permits not to exceed 7 days per permit to City residents, and not to exceed 6 non-consecutive permits in any calendar year per residential address. The permit shall only allow the parking of a recreational vehicle in front of the address of the resident applying for the permit, with at least one day in between each of the 6 permits allowed per calendar year per address. No more than one permit per address shall be issued at any given time.

D. The City Manager or his/her designee shall have the authority to promulgate administrative regulations and an application process for the issuance of permits authorized by this section.

E. The City Council may, by resolution, establish fees to defray the costs of processing permits.

SECTION 2: If any section, subsection, subdivision, sentence, clause, phrase, word, or portion of this Ordinance is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have adopted this Ordinance and each section, subsection, subdivision, sentence, clause, phrase, word, or portion thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses, phrases, words or portions thereof be declared invalid or unconstitutional.

SECTION 3: The Mayor shall sign and the City Clerk shall certify to the passage and adoption of this Ordinance and shall cause the same, or the summary thereof, to be published and posted pursuant to the provisions of law and this Ordinance shall take effect thirty (30) days after adoption.

The foregoing Ordinance was passed by the City Council of the City of Garden Grove on the ____ day of _____.
